

Some Meat Prices May Roll Back, Others Can Be Hiked

WASHINGTON, Aug. 15—Price Stabilizer Disalle promised today to roll back beef prices where possible, but warned that some ceilings may have to be raised.

Other top government officials, meanwhile, forecast higher prices for pork, veal and some processed beef products; an increase of 10 per-

cent in the cost of bread; one cent a quart for milk, and three cents a dozen for eggs.

Disalle told reporters yesterday his agency is making a complete review of its beef control program, to determine what can be done under the new controls law.

It is possible to roll back

any prices, the price chief said, that will be done. But, he added, the new law also may require OPS to hike some ceilings.

Congress knocked out two 4 1-2 percent rollbacks in beef prices in voting the new controls law but retained the 10 percent slash in cattle prices that became effective last

June 4.

Officials pointed out that the 10 percent reduction was not uniform for every grade of meat. The reduction was more than 10 percent for utility grade, which makes up little of the retail supply.

On the other hand, the average rollback for the three top grades — prime, choice and

good—was only 5 1-2 percent. Those grades make up about 65 percent of the butcher shop supply.

Thus it may be possible for OPS to lower ceilings on some cuts from those grades of beef.

However, agency officials are still trying to determine the "intent" of Congress in its

actions on beef price control. Disalle emphasized again yesterday that nothing will be done in an attempt to "contravene" the new law.

The forecast of higher pork and veal prices was made by OPS officials who discussed a proposed pork price regulation section-by-section yesterday with members of the agency's

industry advisory committee.

The proposed order would establish uniform ceiling prices for sales of dressed hogs and pork products at the packer and wholesaler level.

After that order is brought out, OPS will adjust present retail ceilings to reflect the new wholesale prices. That is

when retail pork prices will go up, officials say.

The forecast of higher bread, milk and egg prices was made by Defense Mobilization in an Evanston, Ill., speech. He said top aides have estimated the new controls law will result in a \$10 to \$16 billion-a-year rise in the cost-of-living.

Pen Guard Killed By Doomed Man

Chicago Seeks Murderer, 25

CHICAGO, Aug. 15 — Police squads armed with machineguns combed Chicago's south side early today in search of a condemned murderer who gained freedom by beating to death a Cook County jail guard.

Harry Williams, 25, escaped from his cell in murderer's row last night and made his way to a tower in the jail yard.

There he surprised Guard George Turley, slugged him severely and then slid from the prison wall to freedom on an improvised rope, carrying the guard's riot gun with him.

Turley, who had served as a guard less than a month, was found a few minutes later by Guard William Trezise during a routine check of the yard and towers.

TREZISE FOUND the tower telephone out of order and sounded the alarm by firing a shot into the air which touched off sporadic firing that lasted an hour as jittery guards fired at every moving shadow in the jail yard.

The injured guard was removed to Bridewell hospital with a gaping wound at the back of his head; he died within a half hour without regaining consciousness.

Cook County Sheriff John Babb immediately offered a \$1,000 reward for the capture of the escaped killer "dead or alive."

Police missed the desperate killer by only a few minutes in the manhunt this morning when they arrived at the home of an uncle, William Hawkins, shortly after 2 a. m.

Hawkins told officers Williams had departed less than five minutes earlier after forcing him to produce a light shirt, trousers and shoes. The fugitive apparently fled the prison barefooted.

Trezise's original warning shot brought dozens of police squads to the county jail on the city's southwest side. Armed with machineguns and tear gas, they surrounded the jail yard to prevent further escapes.

The escapee had been awaiting electrocution following sentence for the murder of a housewife. He was arrested last Dec. 11 after he wounded two detectives who sought to question him as a rape suspect. Williams subsequently was identified with 10 rapes and five robberies.

Indian Party Faces Splitup

NEW DELHI, Aug. 15 — India's ruling Congress Party, which guided the former British dominion to independence, threatened to break apart today over the differences of two top leaders.

The two leaders—Prime Minister Jawaharlal Nehru and Party President Purshotamdas Tandon—failed to resolve their differences at a meeting yesterday.

Tandon said after the meeting that Nehru refused to withdraw the resignation from the Congress Party working committee which he submitted Saturday. On the other hand, Tandon said he has no intention of accepting the resignation.

Rockefeller Weds

PROVIDENCE, R. I., Aug. 15 —John D. Rockefeller Jr., 77, one of the world's richest men, was married here today to Mrs. Martha Baird Allen whose late husband, Arthur M. Allen, was a classmate of Rockefeller in Brown university.

PROCLAIMING NEW OCCUPANCY of an advanced Korean airbase by the Fifth Airforce's eighth fighter bomber wing, Sgt. John F. Hennig of Omaha, Neb., mounts a United Nations flag on the wing tip of a wrecked Communist Yak-type fighter plane. The Yak was a victim of F-80 Shooting Star jet fighters.

PRESIDENT MAY RUN AGAIN

Truman's 'Hate-Monger' Speech Seen As Tipoff

WASHINGTON, Aug. 15—President Truman's bitter denunciation yesterday of "scaremongers and hate-mongers" came on the heels of a senator's opinion that the President has no objection to his name being entered in the first of next year's presidential primaries—that in Minnesota.

The development added up in the minds of some political observers in Washington as evidence that Mr. Truman will seek reelection.

Sen. Humphrey, (D) Minn., who said the President raised no objections when he advised him of the Minnesota primary plan, also reported it is Mr. Truman's intention to take the big issues to the people. He said this indicated another "whistle stop" speaking tour across the country.

Sen. Douglas, (D) Ill., who has been feuding with Mr. Truman over appointments to two federal judgeships, said he would support the president if he runs again.

Douglas removed himself as a possible convention foe for the chief executive. The senator asked his supporters in Oregon

August Crop Report Points To Top Harvest

COLUMBUS, Aug. 15—August crop prospects point to a food and feed harvest of 310,387,000 bushels for Ohio.

The Federal-State Crop Reporting Service said corn, wheat, oats and soybeans were nine percent greater in production than last year and 12 percent over the ten-year average.

Below normal rainfall lowered corn prospects by two bushels per acre. The crop estimate now is set at 201,544,000 bushels, still 25 million bushels over last year.

Practically all wheat was combined by the end of the month, but the yield fell short of 40 million bushels predicted to 34,308,000 bushels.

The crop was the smallest since 1943, of rather poor quality and low test weight.

The oat harvest also was near completion by the month's end and the yield was better than indicated. The crop service increased the estimate to 50,307,000 bushels.

Barley was estimated at 616,000 bushels and rye 340,000 bushels. Soybeans were forecast at 24,728,000 bushels, topping last year.

The hay harvest was expected to total 4,326,000 tons compared to 3,994,000 tons last year.

Red Youths Storm Into West Berlin

Stalin-Worship Irks U.S. Delegates

BERLIN, Aug. 15—Thousands of blue-shirted Communist youths invaded the American and Allied sectors of West Berlin tonight and fought pitched street battles with police.

Police arrested hundreds of the unruly youths in the first outbreak of violence since the big Red youth festival began Aug. 5.

West police officials said the invasion was "definitely organized."

Western police reinforcements were rushed to the border scene where other thousands of eastern rally youths have been slipping across the zone voluntarily to see West Berlin.

Earlier an East German informant said American delegates to the festival are leading a protest against the "fraud, chicanery" and Stalin-worship of the East Berlin rally.

Support for the reported "revolt" in which British delegates were said to have joined, was given by a report that 23-year-old Marion Jacobs of New York was arrested by Russian officials and suffered a nervous breakdown.

Communist police admitted that the girl is in the hospital and that her papers have been taken but said the documents merely are being checked and that Miss Jacobs is being treated for two heart attacks.

The reported "revolt" by the would be Anglo-American "revolutionaries" was said to have taken the form of a stiff protest against what the rebels called "misuse of our names in connection with the pro-Stalinist declarations of the festival."

THE WESTERN Communists were said to have sounded off against "repeated instances of fraud and chicanery" and to have demanded the removal from their quarters of all Communist symbols and of pictures of Stalin.

The revolt also was said to be a result of efforts of festival officials to segregate the Westerners from Iron Curtain delegates.

While the East German officials said Miss Jacobs suffered a heart attack on the opening day and then a relapse when she tried to return to the festival, a contrary version was given by a hospital medical aide who visited West Berlin.

He said the New Yorker is being held against her will and that her pleas to the Australian and British delegations at the festival for help have brought no response.

She earlier was said to be reluctant to contact American officials because of several speeches she made in London before sailing for the festival on the Polish liner Batory.

Ship Grabbed

HONG KONG, Aug. 15—A Nationalist news agency dispatch said today that the Chinese crew of the Panamanian freighter, Capella, seized control of the ship Sunday, then followed a Nationalist warship to Kaohsiung, Formosa.

GOP READY TO TONGUE-LASH TRUMAN

Politicians Taking Up Pen To Make Mac Probe Report

WASHINGTON, Aug. 15 — The Senate committee which investigated Gen. MacArthur's ouster has tentatively scheduled a meeting for tomorrow or Friday to decide what to do about a report.

Chairman Russell, (D) Ga., said he is inclined to think a report would be "only an anti-climax" in view of the wide news coverage given the lengthy hearings. Other Democrats on the committee shared Russell's views.

But eight Republican committeemen continued plans to publicize a 100-page report by Sen. Cain, (R) Wash., which holds that the United States entered the Korean war "without a war plan."

The report, still under lock and key, has been signed by Sens. Wiley, Wis.; Knowland, Calif.; Smith, N. J.; Flanders, Vt.; Bridges, N.H.; Brewster, Me.; Hickenlooper, Ia., and Cain.

It has been circulated to two

Democrats on the committee who are understood to be studying its contents, which are highly critical of the Truman administration.

The report is said to charge that MacArthur was fired as the result of "apparent political pressure" from other countries as well as from within the United States.

It holds that MacArthur had the "only constructive program" for victory in Korea and charges the administration war policy has been shot through with inconsistencies, contradictions and confusion.

It declares that the decision to fight in Korea was entirely a civilian verdict arrived at without proper consultation with military leaders or adequate appreciation of what was involved.

The GOP document assails postwar policy towards China and accuses the Roosevelt-Truman administrations of undermining Generalissimo Chang Kai-shek through failure to furnish his government with ade-

quate material and moral support.

Members of the 26-man committee which conducted the hearings said that if the unit agrees to issue a report, there will probably be at least three and possibly four such documents.

In addition to the Cain report, some Democratic committeemen are ready to back up President Truman in a strong account of their own. A third or middle-of-the-road group would also put out a report and at least one senator is considering a report of his own.

Russell said that if the House-Senate conference on the agriculture appropriations bill of which he is chairman, completes its work late today, he will call a meeting of the MacArthur unit Thursday or Friday.

Sen. Hunt, (D) Wyo., in opposing any report declared that it would be a "disservice" to national unity by "opening old wounds."

Britain Claims It Must Retain Russian Trade

LONDON, Aug. 15—Britain officially rejected today the idea of an economic blockade of Communist lands, and a Board of Trade spokesman said a new Anglo-Russian trade agreement is "nearly concluded."

Board of Trade President Sir Hartley Shawcross said that "while we shall certainly do nothing to increase the relative strength of a potential enemy we should be foolish indeed to impose restrictions on our trade which weakened our own strategic and economic position."

"Britain will continue trade relations with Russia as long as no strategic materials are involved. British economic life depends on Russian timber and grain."

Under the new agreement Britain will buy \$28 million worth of timber from Russia with an option to buy an additional \$14 million. Britain also is hoping to sign a contract whereby Russia will supply up to a million tons of coarse grain.

About 50 Enter Girls' Air Derby

SANTA ANA, Cal., Aug. 15—About 50 light planes will take off today from Orange County Airport in the fifth annual all-women's transcontinental air race.

The planes were scheduled to take off in rapid order starting at noon, with Detroit, scene of the 1951 National Air Races and 2,348 miles away, as the destination.

The pilots will proceed by daylight only to designated airports where contestants may refuel and remain overnight. Jean Parker of Arcadia, Cal., who won last year's race from San Diego to Greenville, S. C., is the pre-race favorite.

320 New Yankee Casualties Told

WASHINGTON, Aug. 15—The Defense Department today reported 320 new American casualties in Korea—the lowest weekly increase since the war began—to bring total U. S. losses to 80,750.

It was the third straight week that a new low in casualties had been reported. The increases for the two previous weeks were 351 and 356. The drop in casualties reflects the lull in fighting since the start of the armistice negotiations at Kaesong.

The new total included 12,012 killed in action; 56,488 wounded, of whom 1,366 have died; and 12,250 missing, of whom 123 are known to have died. The total of all deaths is 13,501.

Peru-Ecuador Border Fuming

QUITO, Aug. 15 — The dangerous border dispute between Peru and Ecuador took a turn for the worse today when Ecuador charged the Peruvians with two new attacks.

Ecuador said that Ecuadorian soldiers were attacked Monday evening and again on Tuesday morning although no casualties were suffered in either incident.

In Lima, the Peruvian foreign ministry called for an investigation of the incidents by the United States, Argentina, Chile and Brazil, as provided in the Rio De Janeiro Protocol of 1942.

Quake Kills 100

ANKARA, Aug. 15 — Reports reaching Ankara said today that nearly 100 persons were killed in an earthquake which struck five villages in the Cankiri area, 50 miles northeast of Ankara, the Turkish capital.

1952 Pickaway Wheat Quota Is To Be Increased

Pickaway County wheat farmers have been asked to boost their wheat production for next year's harvest.

John G. Boggs, chairman of the Pickaway County agricultural mobilization committee, said Wednesday that local wheat farmers have a goal of 55,800 acres of wheat to meet next Summer.

Although no individual farm goals have been established for the production boost, local wheat growers can use the total goal figure in meeting the county's quota for next year.

The production figure for harvest this Summer was only about 52,000 acres.

Boggs explained that the local goal has been set up for Pickaway County farmers to do their part in the defense effort.

The local wheat goal is in line with the state goal of 2,100,000 acres and the national acreage goal of 78,850,000.

Increased goals also have been suggested for production of barley, soybeans, oats and rye to provide livestock feed.

The new goals are based on anticipated needs for food, seed, fiber and oil crops.

29 More Cadets Are Questioned

WEST POINT, Aug. 15—Another group of cadets, numbering up to 29, was reported today to be "under investigation" in the "cribbing" scandal at West Point which already has implicated about 90 men.

Some of the newly-implicated cadets were said to have been summoned back from Summer leaves to testify. Of the original group of accused cadets, at least 43 have left the academy under charges of breaking the code of honor.

Indication Seen Reds Softening

Buffer Zone Above Parallel Possible

KAESONG, Aug. 16—(Thursday)—A surprise move to end the deadlock gripping the Korean armistice talks was uncorked by the Allies Wednesday and the Communists indicated for the first time they might consider a cease-fire line north of Parallel 38.

At the same time, Gen. Matthew B. Ridgway, UN supreme commander, served fresh notice that the Allies are ready to fight on to victory if the armistice conference fails.

Vice Adm. Charles Turner Joy proposed at the 25th Kaesong session the creation of a joint subcommittee to tackle the buffer zone problem which has paralyzed the conference through 15 meetings.

By request of the Reds, the chief United Nations delegate submitted his unheralded proposal in writing and a 26th session was set for 1 p. m. today (10 p. m. Wednesday EST). That meeting may decide whether there is hope of breaking the prolonged deadlock.

RIDGWAY'S PLEDGE to fight on came in a message to the Korean people on the sixth anniversary of their liberation from Japan and the third anniversary of the founding of the Korean Republic.

The UN commander said: "Although the battle is joined the conflict is not yet won. The enemy is powerful and is capable of again launching further aggressive attacks."

"But whatever the future holds in store we are resolved to fight for tolerance and honor for which we have fought so valiantly."

The first sign given by the Red delegation of a softening in its demand for a 38th Parallel armistice line came from (Continued on Page Two)

Flivver Plane Sets Record For Long Flight

WASHINGTON, Aug. 15—Max Conrad landed his Piper Pacer at Washington airport at 8:17 a. m. today, completing the first light plane non-stop flight from Mexico City to the U.S. capital.

Conrad, who recently set a new light plane transcontinental speed record, reported two untoward incidents on the 19-hour, five-minute flight of 2,075 miles.

His flashlight burned out during the night, making it impossible for him to read his maps and forcing him to "navigate by stars and lamp posts."

After his takeoff from Mexico City yesterday at 1:12 p. m. (EST), he said he experienced difficulty gaining altitude for the heavily-loaded little plane and was compelled to thread his way through mountain passes.

Once out of Mexico, Conrad flew at 11,000 feet, passing over Galveston, Tex., Baton Rouge, La., and Roanoke, Va. He had enough gasoline left for an additional 700 miles when he landed.

Thursday Will Be Dollar Day In Circleville

Some Meat Prices May Roll Back, Others Can Be Hiked

WASHINGTON, Aug. 15—Price Stabilizer Disalle promised today to roll back beef prices where possible, but warned that some ceilings may have to be raised.

Other top government officials, meanwhile, forecast higher prices for pork, veal and some processed beef products; an increase of 10 per-

cent in the cost of bread; one cent a quart for milk, and three cents a dozen for eggs.

Disalle told reporters yesterday his agency is making a complete review of its beef control program, to determine what can be done under the new controls law.

It is possible to roll back

any prices, the price chief said, that will be done. But, he added, the new law also may require OPS to hike some ceilings.

Congress knocked out two 1-2 percent rollbacks in beef prices in voting the new controls law but retained the 10 percent slash in cattle prices that became effective last

June 4.

Officials pointed out that the 10 percent reduction was not uniform for every grade of meat. The reduction was more than 10 percent for utility grade, which makes up little of the retail supply.

On the other hand, the average rollback for the three top grades — prime, choice and

good—was only 5 1-2 percent. Those grades make up about 65 percent of the butcher shop supply.

Thus it may be possible for OPS to lower ceilings on some cuts from those grades of beef.

However, agency officials are still trying to determine the "intent" of Congress in its

actions on beef price control. Disalle emphasized again yesterday that nothing will be done in an attempt to "contravene" the new law.

The forecast of higher pork and veal prices was made by OPS officials who discussed a proposed pork price regulation section-by-section yesterday with members of the agency's

industry advisory committee.

The proposed order would establish uniform ceiling prices for sales of dressed hogs and pork products at the packer and wholesaler level.

After that order is brought out, OPS will adjust present retail ceilings to reflect the new wholesale prices. That is

when retail pork prices will go up, officials say.

The forecast of higher bread, milk and egg prices was made by Defense Mobilization in an Evanston, Ill., speech. He said top aides have estimated the new controls law will result in a \$10 to \$16 billion-a-year rise in the cost-of-living.

COOLER
Thunderstorms tonight; low tonight in middle 60s. Thursday cooler with showers. Yesterday's high, 95; low, 64; at 8 a. m. today, 72. Year ago high, 84; low, 57. Sunrise, 5:43 a. m.; sunset, 7:29 p. m. River, 1.98 ft.

Douglas removed himself as a possible convention foe for the chief executive. The senator asked his supporters in Oregon

August Crop Report Points To Top Harvest

COLUMBUS, Aug. 15—August crop prospects point to a food and feed harvest of 310,887,000 bushels for Ohio.

The Federal-State Crop Reporting Service said corn, wheat, oats and soybeans were nine percent greater in production than last year and 12 percent over the ten-year average.

Below normal rainfall lowered corn prospects by two bushels per acre. The crop estimate now is set at 201,544,000 bushels, still 25 million bushels over last year.

Practically all wheat was combined by the end of the month, but the yield fell short of 40 million bushels predicted to 34,308,000 bushels.

The crop was the smallest since 1943, of rather poor quality and low test weight.

The oat harvest also was near completion by the month's end and the yield was better than indicated. The crop service increased the estimate to 50,307,000 bushels.

Barley was estimated at 616,000 bushels and rye 340,000 bushels. Soybeans were forecast at 24,728,000 bushels, topping last year.

The hay harvest was expected to total 4,326,000 tons compared to 3,994,000 tons last year.

to withdraw their petition to have his name placed on the state's presidential primary ballot next Spring. He said he definitely is not a candidate.

TO THE President's harsh speech, made in dedicating the new American Legion building in Washington, Sen. Joe McCarthy (R) Wis., replied:

"If the President wants to make the fight against Communism—which he calls 'McCarthyism'—an issue in the campaign, I welcome it."

The President charged that the "hate-mongers" are trying through "character assassination" and false statements to destroy the basic guarantees of the Constitution. He said McCarthyism is "just as insidious and far more effective" than Communism.

He said that followers of "McCarthyism" are "using the Communist trick in reverse" to produce a situation in which "everybody lives in fear and terror of being denounced and slandered" so that "nobody dares to stand up for his rights."

The President declared that America's civil servants are "the best in the world."

Sen. Benton (D) Conn., said his mail shows there is a "widespread sense of guilt among the better informed people over the nature of Sen. McCarthy's charges."

He predicted the President will get a greater support than he expects. Benton said he hoped his resolution for McCarthy's expulsion from the Senate may have "helped run interference for the President's speech."

Sen. Lehman (D) N. Y., called the President's speech "very forceful, timely and highly appropriate." He said it emphasized the "national dangers against which I have long been fighting."

Oil Deadlock Still Holding

TEHRAN, Aug. 15—British and Iranian delegates met again today but failed to break the deadlock in the oil nationalization dispute.

Hussein Fatemi, deputy Iranian premier, complained that a British compromise plan, whose details have not been disclosed, were "not in accordance" with understandings reached through President Truman's special envoy, W. Averell Harriman.

Harriman paved the way for the resumed talks in which the British mission head, Richard Stokes, submitted the plan. Stokes maintains the British proposals were "in keeping fully" with the Iranian nationalization law and the Harriman formula.

Break In Truce Deadlock Hinted By Kaesong Aides

Red Youths Storm Into West Berlin

Stalin-Worship Irks U.S. Delegates

BERLIN, Aug. 15—Thousands of blue-shirted Communist youths invaded the American and Allied sectors of West Berlin tonight and fought pitched street battles with police.

Police arrested hundreds of the unruly youths in the first outbreak of violence since the big Red youth festival began Aug. 5.

The GOP document assails postwar policy towards China and accuses the Roosevelt-Truman administrations of undermining Generalissimo Chiang Kai-shek through failure to furnish his government with adequate material and moral support.

Members of the 26-man committee which conducted the hearings said that if the unit agrees to issue a report, there will probably be at least three and possibly four such documents.

In addition to the Cain report, some Democratic committeemen are ready to back up President Truman in a strong account of their own. A third or middle-of-the-road group would also put out a report and at least one senator is considering a report of his own.

Russell said that if the House-Senate conference on the agriculture appropriations bill of which he is chairman, completes its work late today, he will call a meeting of the MacArthur unit Thursday or Friday.

Sen. Hunt (D) Wyo., in opposing any report declared that it would be a "diservice" to national unity by "opening old wounds."

Britain Claims It Must Retain Russian Trade

LONDON, Aug. 15—Britain officially rejected today the idea of an economic blockade of Communist lands, and a Board of Trade spokesman said a new Anglo-Russian trade agreement is "nearly concluded."

Board of Trade President Sir Hartley Shawcross said that "while we shall certainly do nothing to increase the relative strength of a potential enemy we should be foolish indeed to impose restrictions on our trade which weakened our own strategic and economic position."

"Britain will continue trade relations with Russia as long as no strategic materials are involved. British economic life depends on Russian timber and grain."

Under the new agreement Britain will buy \$28 million worth of timber from Russia with an option to buy an additional \$14 million. Britain also is hoping to sign a contract whereby Russia will supply up to a million tons of coarse grain.

About 50 Enter Girls' Air Derby

SANTA ANA, Cal., Aug. 15—About 50 light planes will take off today from Orange County Airport in the fifth annual all-women's transcontinental air race.

The planes were scheduled to take off in rapid order starting at noon, with Detroit, scene of the 1951 National Air Races and 2,348 miles away, as the destination.

The pilots will proceed by daylight only to designated airports where contestants may refuel and remain overnight. Jean Parker of Arcadia, Cal., who won last year's race from San Diego to Greenville, S. C., is the pre-race favorite.

320 New Yankee Casualties Told

WASHINGTON, Aug. 15—The Defense Department today reported 320 new American casualties in Korea—the lowest weekly increase since the war began—to bring total U. S. losses to 80,750.

It was the third straight week that a new low in casualties had been reported. The increases for the two previous weeks were 351 and 356. The drop in casualties reflects the lull in fighting since the start of the armistice negotiations at Kaesong.

The new total included 12,012 killed in action; 56,468 wounded, of whom 1,366 have died; and 12,250 missing, of whom 123 are known to have died. The total of all deaths is 13,501.

Peru-Ecuador Border Fuming

QUITO, Aug. 15—The dangerous border dispute between Peru and Ecuador took a turn for the worse today when Ecuador charged the Peruvians with two new attacks.

Ecuador said that Ecuadorian soldiers were attacked Monday evening and again on Tuesday morning although no casualties were suffered in either incident.

In Lima, the Peruvian foreign ministry called for an investigation of the incidents by the United States, Argentina, Chile and Brazil, as provided in the Rio De Janeiro Protocol of 1942.

Quake Kills 100

ANKARA, Aug. 15—Reports reaching Ankara said today that nearly 100 persons were killed in an earthquake which struck five villages in the Cankiri area, 50 miles northeast of Ankara, the Turkish capital.

1952 Pickaway Wheat Quota Is To Be Increased

Pickaway County wheat farmers have been asked to boost their wheat production for next year's harvest.

John G. Boggs, chairman of the Pickaway County agricultural mobilization committee, said Wednesday that local wheat farmers have a goal of 55,800 acres of wheat to meet next Summer.

Although no individual farm goals have been established for the production boost, local wheat growers can use the total goal figure in meeting the county's quota for next year.

The production figure for harvest this Summer was only about 52,000 acres.

Boggs explained that the local goal has been set up for Pickaway County farmers to do their part in the defense effort.

The local wheat goal is in line with the state goal of 2,100,000 acres and the national acreage goal of 78,850,000.

Increased goals also have been suggested for production of barley, soybeans, oats and rye to provide livestock feed.

The new goals are based on anticipated needs for food, seed, fiber and oil crops.

29 More Cadets Are Questioned

WEST POINT, Aug. 15—Another group of cadets, numbering up to 29, was reported today to be "under investigation" in the "cribbing" scandal at West Point which already has implicated about 90 men.

Some of the newly-implicated cadets were said to have been summoned back from Summer leaves to testify. Of the original group of accused cadets, at least 43 have left the academy under charges of breaking the code of honor.

Indication Seen Reds Softening

Buffer Zone Above Parallel Possible

KAESONG, Aug. 16—(Thursday)—A surprise move to end the deadlock gripping the Korean armistice talks was uncorroborated by the Allies Wednesday and the Communists indicated for the first time they might consider a cease-fire line north of Parallel 38.

At the same time, Gen. Matthew B. Ridgway, UN supreme commander, served fresh notice that the Allies are ready to fight on to victory if the armistice conference fails.

Vice Adm. Charles Turner Joy proposed at the 25th Kaesong session the creation of a joint subcommittee to tackle the buffer zone problem which has paralyzed the conference through 15 meetings.

By request of the Reds, the chief United Nations delegate submitted his unheralded proposal in writing and a 26th session was set for 1 p. m. today (10 p. m. Wednesday EST). That meeting may decide whether there is hope of breaking the prolonged deadlock.

RIDGWAY'S PLEDGE to fight on came in a message to the Korean people on the sixth anniversary of their liberation from Japan and the third anniversary of the founding of the Korean Republic.

The UN commander said: "Although the battle is joined the conflict is not yet won. The enemy is powerful and is capable of again launching further aggressive attacks."

"But whatever the future holds in store we are resolved to fight for tolerance and honor for which we have fought so valiantly."

The first sign given by the Red delegation of a softening in its demand for a 38th Parallel armistice line came from (Continued on Page Two)

Flivver Plane Sets Record For Long Flight

WASHINGTON, Aug. 15—Max Conrad landed his Piper Pacer at Washington airport at 8:17 a. m. today, completing the first light plane non-stop flight from Mexico City to the U.S. capital.

Conrad, who recently set a new light plane transcontinental speed record, reported two untoward incidents on the 19-hour, five-minute flight of 2,075 miles. His flashlight burned out during the night, making it impossible for him to read his maps and forcing him to "navigate by stars and lamp posts."

After his takeoff from Mexico City yesterday at 1:12 p. m. (EST), he said he experienced difficulty gaining altitude for the heavily-loaded little plane and was compelled to thread his way through mountain passes.

Once out of Mexico, Conrad flew at 11,000 feet, passing over Galveston, Tex., Baton Rouge, La., and Roanoke, Va. He had enough gasoline left for an additional 700 miles when he landed.

Thursday Will Be Dollar Day In Circleville

Indication Seen Reds Softening

(Continued from Page One)

Gen. Nam II, head of the North Korean-Chinese negotiators. He admitted during a lengthy statement Wednesday that the present battlefield, most of which lies well above the parallel, reflects the overall military situation in Korea.

Nam's admission, conflicting with his previous assertions that the old north-south political border is a "logical" location for a buffer belt, was made while he was arguing against a thesis advanced by Joy.

THE TOP ALLIED delegate had argued that the "indirect" as well as direct effects of air and naval power must be considered in the overall military picture. Joy had pointed out that the Allied-proposed armistice line based on the battlefield would take the weight of UN air-naval superiority off the Communist rear areas.

In reply, Nam declared the battlefield already reflects air and naval as well as ground strength. He conceded that Allied air and naval attack had some effect on Red military operations.

Joy, in his dramatic bid to get the truce talks moving toward agreement, suggested that "the two delegations jointly charge the subcommittee to make recommendations—as to ways and means of emerging from the present deadlock."

"It is our thought," he told the Kaesong conferees, "that neither delegation be bound by implication or contract to honor the recommendation of the joint subcommittee."

He proposed that the committee consist of one member of each five-man delegation plus a limited number of staff assistants.

The Red delegates wore smiles as they left the conference house after Wednesday's meeting which lasted one hour and 48 minutes. Joy also looked cheerful.

AT THE SAME TIME, Communist correspondents at Kaesong told Allied newsmen the Red delegates no longer are rigidly demanding a 38th Parallel armistice line because "Joy has made it plain he won't talk about that."

A briefing officer, Brig. Gen. William F. Nuckols, said that in taking Joy's suggestion under advisement, Nam II did not indicate whether he would accept it, but that presumably he will give the Communist answer today.

Nuckols, who sits in at the Kaesong sessions, was unable to say whether the Allied proposal, if accepted, would mean the conference would move on to other questions while the subcommittee works on the buffer belt problem.

The information officer said Joy first submitted the subcommittee proposal orally. Nam II asked that it be put into writing, which was done promptly, and then the talks were adjourned for the day.

Nuckols could give no explanation of the fact that Thursday's meeting was scheduled for two hours later than the usual 11 a. m. opening of the daily sessions.

He said the Communists had asked for that hour and it was agreed upon before Joy made his subcommittee proposal.

Phone Chieftain Tells Reason For Rate Hike Plea

Reasons behind a sharp rate increase proposed by the Ohio Consolidated Telephone Co. were outlined Tuesday night during a meeting of the Circleville Chamber of Commerce.

Presenting the views of the company, which services Pickaway County, was R. N. Cole, president of the system.

Although more than 150 special invitations were tendered to chamber members, village mayors and farm group leaders to attend the special meeting, only about 25 persons were on hand to hear the telephone company chieftain.

Cole explained that the proposed increase was being asked to provide funds for additional necessary facilities.

According to law, earnings of the utility are set at six percent, he said, adding that earnings of the company at present have dropped to three percent.

THE EXECUTIVE continued that, due to the reduced income, the company is not able to present itself as a sound financial investment for banks and loan agencies when seeking more money with which to expand facilities.

In an open question and answer session following the address, local persons attending directed their attention to the topic of service.

A consensus from the meeting seemed to be that local officials do not mind additional charges if good service is assured.

As a final part of the session, the chamber accepted resignation of A. V. Osborn, a member of the group for 23 years.

Osborn resigned due to the fact that he is retiring from his post as freight agent for the Norfolk and Western Railway in Circleville in September and will make residence in Columbus.

The railroad man has headed the new industry committee of the chamber for several years. The chamber voted to extend to him a letter of commendation for the service which he has performed.

Charles Richards of Circleville later was named to head the new industry committee of the organization. Next meeting of the chamber will be held at noon Aug. 28.

Diamond Ring Brings Trouble To State Aid

COLUMBUS, Aug. 15—A diamond ring, allegedly worth \$1,000 and presented by a group of grateful employees to Robert E. Foley, state registrar of motor vehicles, may be the cause of Foley's ultimate dismissal.

Although Foley has notified Governor Lausche of the return of the gift to his employees, who had presented the ring in appreciation of his successful efforts to get them pay increases, the governor said "that may not be enough."

Lausche said "Foley is on vacation. Representatives of the state highway department have had no chance to talk with him, but I have asked Highway Director Kauer to check a report that Foley received a diamond ring and to take appropriate action."

"If the investigation shows that Foley received the ring and gave it back, that may not be enough. He may have to resign."

Foley reportedly received the ring July 27, just before beginning his vacation. He has been registrar since early 1950.

Rural Areas Slow In Filing OPS Statements

The worst lag in the return of pricing statements from firms and individuals dealing in services is in Central Ohio's rural communities and farm areas, Edward F. Wagner, Columbus district OPS director, has revealed.

Wagner said it is apparent in many instances that proprietors of rural concerns which sell a service rather than a finished product do not know that they are covered by ceiling price regulation 34.

The regulation requires that a statement of highest prices charged for all services and repairs supplied during the base period, Dec. 19, 1950, to Jan. 25, 1951, be mailed to Columbus district OPS office, 68 East Gay street. Since forms are not supplied, statements should be made out on the firm's letterhead and signed by the individual making the report.

Wagner said that if such statements are not supplied within a reasonable time the OPS may issue a special order establishing a ceiling price for each service sold, in line with prices established by the regulation.

Some of the rural services under the regulation are filling stations and garages, all types of repair shops, farm equipment dealers, grain dealers performing such services as grinding and milling, carpenters, plumbers, electricians and many others.

Service charges of banks and commissions paid to real estate brokers also are subject to the provision.

Sellers of services who have not filed with the OPS are subject to severe penalties, Wagner pointed out.

Lad Is Sent To Boys School After Breakin

A 13-year-old Pickaway County boy has been committed into Lancaster Boys' Industrial School for violation of probation after confessing he broke into a Circleville garage Tuesday night.

The youngster was taken into custody by local juvenile authorities late Tuesday on request by the city police department, which investigated the breakin.

Police discovered at about 7 p. m. Tuesday the Harden garage on East Franklin street had been broken into from the alley side. Two rocks were thrown through glass panels.

Reaching the inside, the boy broke open a soft drink dispensing machine and made off with the nickels. He was committed into the correction school Wednesday by Juvenile Judge George D. Young after confessing to the breakin.

Firemen Douse Country Blaze

Circleville's rural fire truck was called at about 2:15 p. m. Tuesday to extinguish a blaze in an outbuilding on the Harry Dreisbach farm in Pickaway Township.

The fire was in a laundry shed at a tenant house on the farm, occupied by Roy Jenkins. A kerosene stove was blamed for the blaze.

Damage to the outbuilding was estimated at more than \$100 by officials at the scene.

DEATHS and Funerals

George Henry Pitt, 84, died at 3:55 p. m. Tuesday in his Williamsport residence. He was born Jan. 10, 1867, in Deer Creek Township the son of William and Mary Cowley Pitt, both of whom were born in England. He married Miss Rosa Shaw who preceded him in death. A son, Never, is also deceased.

Surviving are a son, Charles of Williamsport, six grandchildren and 18 great grandchildren. Funeral services will be held at 3 p. m. Friday in Christian church in Williamsport with the Rev. Clarence Swearingen officiating. Burial will be in Spring Lawn cemetery.

Friends may call in C. E. Hill Funeral Home in Williamsport until time of services.

MRS. ELMER UPPERMAN

Mrs. Lydia Ann Upperman, 79, wife of Elmer E. Upperman died at 3 p. m. Tuesday in her home near Grove City.

A former resident of Pickaway County, she also is survived by three daughters, Mrs. Maye Wagner of Grove City, Mrs. Marie Tharp of Ostrander and Mrs. Dan Eitel of Circleville; four sons, Harry of Reese, Edward of Grove City, Henry of Lockbourne and Russell of Groveport; a half-sister, Mrs. Thomas Burgett of Orient and two half-brothers, Frank and Charles Murray of Orient.

Funeral services will be held at 2 p. m. Friday in Norris Funeral Home in Grove City. Burial will be in Concord cemetery. Friends may call in the funeral home.

Postal Rate Increase OK'd By Senate Panel

WASHINGTON, Aug. 15—The Senate Postoffice Committee has proposed to raise the postal rate on letters from three to four cents and hike the cost of a penny postcard to two cents.

The action taken by the committee late yesterday would raise air mail rates from six to eight cents a letter in the effort to bring in an additional \$400 million a year in postal revenue.

The committee also voted to give the nation's million-plus postal employees pay raises that will amount to about 10 percent—or from \$400 to \$500 a year for the average postal worker. A ceiling of \$800, however, was placed on the total yearly raise for any one employee.

To pay for the raises and cover part of the annual postal deficit, the committee also decided to increase second class mail rates 10 percent a year for three years. Third class mail would climb from the present one cent to 1.25 cents next year and 1.5 cents the year after. The bill also calls for an end to the present limit of one-a-day home mail delivery.

Former Mayor Wins Write-In

COLUMBUS, Aug. 15—Former Mayor Floyd F. Green, repudiated by the Republican organization, will oppose the present mayor, James A. Rhodes, in Columbus' general elections as the result of the capital city's unprecedented primary.

Green was nominated yesterday as a write-in candidate over Democrat W. Herbert Dailey by a 3,915 to 2,710 vote count. The Democrats, for the first time, failed to present a slate of candidates.

Rhodes, whose name was the only one printed as candidate for mayor on the non-partisan ballot, polled 14,086 votes by unofficial count in the lightest balloting since 1927. The total vote was 23,980.

Annual Son's Night Is Held By Kiwanians

Seventy Kiwanians, sons, and guests from Pickaway County Childrens Home were given an evening of entertainment by Miesse the Messy Magician Monday in Pickaway Country Club.

This affair was the annual Kiwanis Son's Night Banquet.

Magical tricks fascinated the younger set and confounded the dads. Miss Patty Miesse was enthusiastically received for her pantomime of Betty Hutton singing—"You can't Get A Man With A Gun," "Do!n! What Comes Naturally," "Orange Colored Skies" and "I Can't Stop Talking."

Rope and card tricks will undoubtedly be practiced at home by some of the youngsters who acted as assistants.

Next week, Kiwanis will have a program designed to inform members on the City manager type of government.

Autoist Finds Baby Clothes

Circleville police scratched their heads Tuesday after receiving a somewhat unusual report.

Accustomed to having autoists enter reports of objects missing or stolen, police Tuesday received a report just the reverse of normal procedure.

Mason Klingensmith of Circleville Route 3 told police his car had been parked near Main and Scioto streets Tuesday. Klingensmith said that when he returned he found a paper bag containing baby clothes deposited there.

Anti-Gambling Laws To Start Coming In Force

COLUMBUS, Aug. 15—Ohio's anti-gambling efforts become active tomorrow when the first of five new laws goes into effect.

This one restores to municipal and common pleas judges the power to issue search warrants. The legislature took this power from the judges in 1943 and left it only to justices of the peace in areas where there are magistrates.

Other new anti-gambling laws, with their effective dates are:

Aug. 21—Gives the governor and the attorney general authority to start removal proceedings in local courts against mayors, sheriffs and prosecutors who fail to do their duty.

Aug. 22—Extends the sports bribery law to amateurs and makes illegal payments to athletes for limiting the margin of victory in any contest.

Sept. 11—Permits the padlocking of gambling establishments as common nuisances.

Sept. 18—Makes it a felony to transport, display or own slot machines in Ohio.

Phone Chieftain Tells Reason For Rate Hike Plea

Reasons behind a sharp rate increase proposed by the Ohio Consolidated Telephone Co. were outlined Tuesday night during a meeting of the Circleville Chamber of Commerce.

Presenting the views of the company, which services Pickaway County, was R. N. Cole, president of the system.

Although more than 150 special invitations were tendered to chamber members, village mayors and farm group leaders to attend the special meeting, only about 25 persons were on hand to hear the telephone company chieftain.

Cole explained that the proposed increase was being asked to provide funds for additional necessary facilities.

According to law, earnings of the utility are set at six percent, he said, adding that earnings of the company at present have dropped to three percent.

THE EXECUTIVE continued that, due to the reduced income, the company is not able to present itself as a sound financial investment for banks and loan agencies when seeking more money with which to expand facilities.

In an open question and answer session following the address, local persons attending directed their attention to the topic of service.

A consensus from the meeting seemed to be that local officials do not mind additional charges if good service is assured.

As a final part of the session, the chamber accepted resignation of A. V. Osborn, a member of the group for 23 years.

Osborn resigned due to the fact that he is retiring from his post as freight agent for the Norfolk and Western Railway in Circleville in September and will make residence in Columbus.

The railroad man has headed the new industry committee of the chamber for several years. The chamber voted to extend to him a letter of commendation for the service which he has performed.

Charles Richards of Circleville later was named to head the new industry committee of the organization. Next meeting of the chamber will be held at noon Aug. 28.

Diamond Ring Brings Trouble To State Aid

COLUMBUS, Aug. 15—A diamond ring, allegedly worth \$1,000 and presented by a group of grateful employees to Robert E. Foley, state registrar of motor vehicles, may be the cause of Foley's ultimate dismissal.

Although Foley has notified Governor Lausche of the return of the gift to his employees, who had presented the ring in appreciation of his successful efforts to get them pay increases, the governor said "that may not be enough."

Lausche said "Foley is on vacation. Representatives of the state highway department have had no chance to talk with him, but I have asked Highway Director Kauer to check a report that Foley received a diamond ring and to take appropriate action."

"If the investigation shows that Foley received the ring and gave it back, that may not be enough. He may have to resign."

Foley reportedly received the ring July 27, just before beginning his vacation. He has been registrar since early 1950.

Mainly About People

ONE MINUTE PULPIT
It is not always possible. You cannot compromise with crime, with perversion of morality, but we should give no cause for strife. It is possible, as much as lieth in you, live peaceably with all men.—Rom. 12:18.

Fred Riffle, 18, of Circleville, forfeited \$20 bond in Circleville mayor's court Tuesday when he failed to answer an accusation of reckless operation. Riffle was arrested by Officers Orville Caldwell and Bob Temple following a minor accident on Route 56.

Brehmer's say, now is the time to order peonies for Fall planting. They also have white and yellow, hardy, cut flower Iris divisions for Fall planting. Other spring flowering bulbs such as tulips, crocus and narcissus should be ordered soon.

Mrs. Charles Carter of Circleville Route 2 who suffered a foot injury four weeks ago is slowly improving, although she is still using crutches.

Annual meeting of South Central Rural Electric Cooperative will be held Thursday starting at 10 a. m. in Lancaster Fairgrounds. All interested persons are urged to attend.

Paul Wellington of 704 South Clinton street was admitted to Berger hospital Tuesday as a medical patient.

An American Legion sponsored 50-50 dance will be held in Sulphur Springs pavilion, Williamsport, August 16. Walker's Orchestra will play.

Mrs. Margaret Holland of London Route 4 was removed Wednesday to her home from Berger hospital where she had been a medical patient.

Ray Strawser, 17-year-old son of Mr. and Mrs. Roy Strawser of Circleville Route 4, entered Berger hospital Tuesday as a medical patient.

Will persons on Circleville Laundry route who have not been contacted please call office, Phone 22.

Edward Dalton of 333 East Corwin street was removed to his home Wednesday from Berger hospital where he had been a medical patient.

Mrs. Millard Vance of Ashville Route 2 was admitted to Berger hospital Tuesday for medical treatment and returned to her home on Wednesday.

Now They Know Where Aid Went

BAD ISCHL, Austria, Aug. 15—American Boy Scouts reverently lowered the Stars and Stripes yesterday as the 1951 World Boy Scout Jamboree at Bad Ischl came to an end.

The American boys took with them decided impressions about European girls. They decided that they had poor figures compared with American girls.

Dick Rice, 47, of Atchison, Kansas, said of the plump girls: "Now we know where all our Marshall Plan money is going."

Rural Areas Slow In Filing OPS Statements

The worst lag in the return of pricing statements from firms and individuals dealing in services is in Central Ohio's rural communities and farm areas, Edward F. Wagner, Columbus district OPS director, has revealed.

Wagner said it is apparent in many instances that proprietors of rural concerns which sell a service rather than a finished product do not know that they are covered by ceiling price regulation 34.

The regulation requires that a statement of highest prices charged for all services and repairs supplied during the base period, Dec. 19, 1950, to Jan. 25, 1951, be mailed to Columbus district OPS office, 68 East Gay street. Since forms are not supplied, statements should be made out on the firm's letterhead and signed by the individual making the report.

Wagner said that if such statements are not supplied within a reasonable time the OPS may issue a special order establishing a ceiling price for each service sold, in line with prices established by the regulation.

Some of the rural services under the regulation are filling stations and garages, all types of repair shops, farm equipment dealers, grain dealers performing such services as grinding and milling, carpenters, plumbers, electricians and many others.

Service charges of banks and commissions paid to real estate brokers also are subject to the provision.

Sellers of services who have not filed with the OPS are subject to severe penalties, Wagner pointed out.

Lad Is Sent To Boys School After Breakin

A 13-year-old Pickaway County boy has been committed into Lancaster Boys' Industrial School for violation of probation after confessing he broke into a Circleville garage Tuesday night.

The youngster was taken into custody by local juvenile authorities late Tuesday on request by the city police department, which investigated the break-in.

Police discovered at about 7 p. m. Tuesday the Harden garage on East Franklin street had been broken into from the alley side. Two rocks were thrown through glass panels.

Reaching the inside, the boy broke open a soft drink dispensing machine and made off with the nickels. He was committed into the correction school Wednesday by Juvenile Judge George D. Young after confessing to the break-in.

Firemen Douse Country Blaze

Circleville's rural fire truck was called at about 2:15 p. m. Tuesday to extinguish a blaze in an outbuilding on the Harry Dreisbach farm in Pickaway Township.

The fire was in a laundry shed at a tenant house on the farm, occupied by Roy Jenkins. A kerosene stove was blamed for the blaze.

Damage to the outbuilding was estimated at more than \$100 by officials at the scene.

DEATHS and Funerals

GEORGE PITT
George Henry Pitt, 84, died at 3:55 p. m. Tuesday in his Williamsport residence.

He was born Jan. 10, 1867, in Deercreek Township the son of William and Mary Cowley Pitt, both of whom were born in England. He married Miss Rosa Shaw who preceded him in death. A son, Never, is also deceased.

Surviving are a son, Charles of Williamsport, six grandchildren and 18 great grandchildren.

Funeral services will be held at 3 p. m. Friday in Christian church in Williamsport with the Rev. Clarence Swearingen officiating. Burial will be in Spring Lawn cemetery.

Friends may call in C. E. Hill Funeral Home in Williamsport until time of services.

MRS. ELMER UPPERMAN
Mrs. Lydia Ann Upperman, 79, wife of Elmer E. Upperman died at 3 p. m. Tuesday in her home near Grove City.

A former resident of Pickaway County, she also is survived by three daughters, Mrs. Maye Wagner of Grove City, Mrs. Marie Tharp of Ostrander and Mrs. Dan Eitel of Circleville; four sons, Harry of Reese, Edward of Grove City, Henry of Lockbourne and Russell of Groveport; a half-sister, Mrs. Thomas Burgett of Orient and two half-brothers, Frank and Charles Murray of Orient.

Funeral services will be held at 2 p. m. Friday in Norris Funeral Home in Grove City. Burial will be in Concord cemetery. Friends may call in the funeral home.

Postal Rate Increase OK'd By Senate Panel

WASHINGTON, Aug. 15—The Senate Postoffice Committee has proposed to raise the postal rate on letters from three to four cents and hike the cost of a penny postcard to two cents.

The action taken by the committee late yesterday would raise air mail rates from six to eight cents a letter in the effort to bring in an additional \$400 million a year in postal revenue.

The committee also voted to give the nation's million-plus postal employees pay raises that will amount to about 10 percent—or from \$400 to \$500 a year for the average postal worker. A ceiling of \$800, however, was placed on the total yearly raise for any one employee.

To pay for the raises and cover part of the annual postal deficit, the committee also decided to increase second class mail rates 10 percent a year for three years. Third class mail would climb from the present one cent to 1.25 cents next year and 1.5 cents the year after. The bill also calls for an end to the present limit of one-a-day home mail delivery.

Former Mayor Wins Write-In

COLUMBUS, Aug. 15—Former Mayor Floyd F. Green, repudiated by the Republican organization, will oppose the present mayor, James A. Rhodes, in Columbus' general elections as the result of the capital city's unprecedented primary.

Green was nominated yesterday as a write-in candidate over Democrat W. Herbert Dailey by a 3,915 to 2,710 vote count. The Democrats, for the first time, failed to present a slate of candidates.

Rhodes, whose name was the only one printed as candidate for mayor on the non-partisan ballot, polled 14,086 votes by unofficial count in the lightest balloting since 1927. The total vote was 23,980.

Annual Son's Night Is Held By Kiwanians

Seventy Kiwanians, sons, and guests from Pickaway County Childrens Home were given an evening of entertainment by Misses the Messy Magician Monday in Pickaway Country Club.

This affair was the annual Kiwanis Son's Night Banquet.

Magical tricks fascinated the younger set and confounded the dads. Miss Patty Messie was enthusiastically received for her pantomime of Betty Hutton singing—"You can't Get A Man With A Gun," "Do In' What Comes Naturally," "Orange Colored Skies" and "I Can't Stop Talking."

Rope and card tricks will undoubtedly be practiced at home by some of the youngsters who acted as assistants.

Next week, Kiwanis will have a program designed to inform members on the City manager type of government.

Autoist Finds Baby Clothes

Circleville police scratched their heads Tuesday after receiving a somewhat unusual report.

Accustomed to having autoists enter reports of objects missing or stolen, police Tuesday received a report just the reverse of normal procedure.

Mason Klingensmith of Circleville Route 3 told police his car had been parked near Main and Scioto streets Tuesday. Klingensmith said that when he returned he found a paper bag containing baby clothes deposited there.

Anti-Gambling Laws To Start Coming In Force

COLUMBUS, Aug. 15—Ohio's anti-gambling efforts become active tomorrow when the first of five new laws goes into effect.

This one restores to municipal and common pleas judges the power to issue search warrants.

The legislature took this power from the judges in 1943 and left it only to justices of the peace in areas where there are magistrates.

Other new anti-gambling laws, with their effective dates are:

Aug. 21—Gives the governor and the attorney general authority to start removal proceedings in local courts against mayors, sheriffs and prosecutors who fail to do their duty.

Aug. 22—Extends the sports bribery law to amateurs and makes illegal payments to athletes for limiting the margin of victory in any contest.

Sept. 11—Permits the padlocking of gambling establishments as common nuisances.

Sept. 18—Makes it a felony to transport, display or own slot machines in Ohio.

The Near East— Next Red Victim?

By KINGSBURY SMITH
Europe Manager, International News Service

Editor's Note: The Arab world is so fearful of Israeli expansion that it is willing to resort to terrorism, violence and even war to preserve its sovereignty and its borders. The part this dangerous situation plays in the struggle between East and West is described in the following article, third in a series.

ANKARA, Aug. 15—The greatest immediate danger to peace in the Near East today is the Arab refusal to become reconciled to the existence of Israel on the shores of the Holy Land.

Grave fears prevail among American and other Western diplomats in the area that the recent assassination of King Abdullah of Jordan may lead to a resumption of Arab hostilities against the Jewish state.

The ill-fated king, who was shot through the heart in Jerusalem by an Arab terrorist whose motives remain mysterious, was the strongest restraining influence in the Arab world in respect to Israel.

HE WAS THE man on whom Western diplomatic hopes centered to lead the Arab nations eventually into peaceful relations with the Jewish state.

It would have been a tough task even for Abdullah. A survey of sentiment in the Arab countries has convinced this correspondent that the issue of Israel will keep the Near East in a state of turbulent tension for a long time to come.

This burning issue is fanning the flames of religious fanaticism and fostering fierce nationalism.

It is blinding the Arab leadership and people to the danger of Soviet imperialism.

It is serving as Russia's strongest instrument for undermining the influence and prestige of the Western World in the Near East.

It is turning the Arab world toward neutrality with respect to the greater issue of the global struggle between Russia and the West.

Behind the fear and fury of the Arabs over this issue is the conviction that Israel, if left alone, is destined to develop into the dominant power in the Near East.

THIS WORRIES the Arab leaders not only from the viewpoint of nationalism, but because of the effects which the creation of a nation with a high standard of living is likely to

and militarily the most powerful nation in the Near East.

Having tested in vain their military strength against the infant Jewish state at a time when it was far weaker than it is today, the Arabs are developing a sense of frustration about the future.

DENIED BY the Western Powers the arms they would like to secure for another effort to drive the Jews into the sea, the Arabs foresee themselves in the role of the American Indians.

They are themselves doomed to be driven farther and farther back toward ultimate oblivion by the pressure of a pioneer people inspired by participation in the birth of a nation.

Tel Aviv officials contend there is no reason for the Arabs to fear Israeli expansion because there is plenty of land available to handle the incoming refugees in the Jewish state as it now exists.

They add that Israel is unlikely to face an over-population problem for at least 20 years.

That's the rub for the Arabs. They are thinking 20, 30, 50

Present, Former Wives Accuse Man In Court

Robert McClarren has been placed on continued probation in Pickaway County common pleas court until 10 a. m. Sept. 8 on two accusations of probation violation.

In causes accusing McClarren of neglect to provide for his present wife and by his former wife earlier, the man was found guilty and placed on probation.

Last week, however, he was brought before the court for violation of his probations, in that he failed in both to pay costs of prosecution within the specified time, failed to pay support money during the period and failed to report to the office of the prosecuting attorney as ordered in first probation.

Newest Tango Preserves Hips

CHICAGO, Aug. 15 — Night club patrons nursing bruised hips because of crowded dance floors were promised relief today.

The National Association of Dancing Masters, meeting in Chicago, has come up with a new tango especially designed for jam-packed cafes.

The new dance, called the businessman's tango, eliminates the elaborate dips and swings used in the original Argentine version.

The Near East— Next Red Victim?

By KINGSBURY SMITH
Europe Manager, International News Service

Editor's Note: The Arab world is so fearful of Israeli expansion that it is willing to resort to terrorism, violence and even war to preserve its sovereignty and its borders. The part this dangerous situation plays in the struggle between East and West is described in the following article, third in a series.

ANKARA, Aug. 15—The greatest immediate danger to peace in the Near East today is the Arab refusal to become reconciled to the existence of Israel on the shores of the Holy Land.

Grave fears prevail among American and other Western diplomats in the area that the recent assassination of King Abdullah of Jordan may lead to a resumption of Arab hostilities against the Jewish state.

The ill-fated king, who was shot through the heart in Jerusalem by an Arab terrorist whose motives remain mysterious, was the strongest restraining influence in the Arab world in respect to Israel.

HE WAS THE man on whom Western diplomatic hopes centered to lead the Arab nations eventually into peaceful relations with the Jewish state.

It would have been a tough task even for Abdullah. A survey of sentiment in the Arab countries has convinced this correspondent that the issue of Israel will keep the Near East in a state of turbulent tension for a long time to come.

This burning issue is fanning the flames of religious fanaticism and fostering fierce nationalism.

It is blinding the Arab leadership and people to the danger of Soviet imperialism.

It is serving as Russia's strongest instrument for undermining the influence and prestige of the Western World in the Near East.

It is turning the Arab world toward neutrality with respect to the greater issue of the global struggle between Russia and the West.

Behind the fear and fury of the Arabs over this issue is the conviction that Israel, if left alone, is destined to develop into the dominant power in the Near East.

THIS WORRIES the Arab leaders not only from the viewpoint of nationalism, but because of the effects which the creation of a nation with a high standard of living is likely to

have on their own destitute masses.

Arab leadership is fully aware of the progressive spirit which prevails in Israel today and which this correspondent witnessed on every hand from the shores of the Sea of Galilee to Jerusalem. Fear of it is based on two major premises:

First, that the steady influx of refugees into Israel, now averaging 20,000 per month, will in years to come cause the tiny state to burst at the seams and overflow at the territorial expense of the Arab states;

Secondly, but no less important, that the tremendous vitality, will to work hard, and courage to fight shown by the new Jewish nation will lead Israel to become politically, economically

and militarily the most powerful nation in the Near East.

Having tested in vain their military strength against the infant Jewish state at a time when it was far weaker than it is today, the Arabs are developing a sense of frustration about the future.

DENIED BY the Western Powers the arms they would like to secure for another effort to drive the Jews into the sea, the Arabs foresee themselves in the role of the American Indians.

They are themselves doomed to be driven farther and farther back toward ultimate oblivion by the pressure of a pioneer people inspired by participation in the birth of a nation.

WHEAT ESTIMATES CUT

THE smallest wheat crop since 1943 is indicated in latest government estimates, which place this year's yield at 998,000,000 bushels, compared to 1,026,000,000 bushels in 1950. But so great have been wheat surpluses in recent years that the smaller crop will be more than ample to meet all needs. The government's wheat crop estimate is 72,000,000 bushels lower than its July 1 forecast.

Millions of acres of wheat, corn, barley, flaxseed and potatoes were destroyed by floods, the Department of Agriculture revealed. The department's estimate of corn production was lowered 89,000,000 bushels below its prediction a month ago, to 3,206,000,000 bushels. The new estimate is still 75,000,000 bushels above the 1950 yield.

Despite the July crop losses, the full extent of which are now becoming apparent, overall prospects point to the second largest harvest in U.S. history, the Department of Agriculture says. This is continuation of a trend that has continued for a decade or more. Dire predictions of food shortages during World War II never materialized. Enormous quantities of food were shipped overseas during and since the war, and the government found it necessary to buy up and destroy hundreds of millions of dollars worth of farm products since the war to hold up prices under the price guarantee program.

During the coming 12 months there will be no food shortages, but neither will there be lower prices. Government shipments of food to Europe, England, and other areas, plus price guarantees to farmers will rule out reductions.

PUBLIC IS BORED

AFTER being bored to the limits of endurance by details of the romance of Rita Hayworth and her prince, the country is now being regaled with accounts of the love life of Crooner Frank "Adenoids" Sinatra, who is in Mexico coincidentally with actress Ava Gardner.

Gossip has it that Adenoids will get a quick divorce from his wife, Nancy, and marry the actress, and that the affair will follow the usual pattern, to end, perhaps, in separation and final divorce, permitting both to go on to other and more interesting romances.

If he wants to leave Nancy and marry Ava it will be all right with the public, which has become bored by the details.

It is complained abroad America is the best fed nation in the world. But if America is to continue to fill the role of milk cow of the world it will have to be fed.

American citizens are being urged to read the Constitution more often. At least once, at any rate.

George E. Sokolsky's

These Days

Mrs. Agnes M. Lewis, corresponding secretary, National Blue Star Mothers of America, writes me:

"This all-important question of invisible control in these United States must eventually be answered!

"Shall it be answered by you, Mr. Sokolsky, or some more courageous columnist?"

What is this invisible control? When Al Smith ran for President, a vicious campaign was conducted against him on the assumption that the Pope maintained an invisible control of the United States. Bigots fought Smith as though he were not in every respect a better man and a better American than any one of his traducers. In 1932, Smith failed of the presidential nomination by his party to some extent because this bigotry continued to frighten so-called practical politicians.

Now, the bigotry has been transferred to certain Jews who were closely associated with Franklin D. Roosevelt: Bernard Baruch, Felix Frankfurter, Sam Rosenman, Anna Rosenberg and Henry Morgenthau. The bigotry does not apply to the larger number and more influential Christians who were associated with Mr. Roosevelt. Why should one group and not the other be the "invisible control"? And why should anybody be so accused when we should anybody be so accused when we people can vote anybody out of office.

There is only one way to deal with this problem, out of which men and women are earning a livelihood by building organizations, publishing newspapers, selling brochures. That way is complete publicity.

If these people have evidence that there is an invisible control of the government of the United States, an illegal, subversive control, they should put their evidence before the FBI, the House Committee on Un-American Activities and the McCarran Committee—let them take their choice—and let there be a thorough public investigation. Let us have all the facts.

Those accusers can testify under oath as to what they know. For instance, Bernard Baruch is indisputably one of our ablest citizens who has served his country for a prolonged period. When these fanatical persons attack him because as an American citizen, whose father was a surgeon in the Civil War and whose mother's family settled in this country in the 17th Century, he expresses his opinions or serves his government, they are seeking to pursue in the United States the anti-Christian racism of Hitler. One need not agree with Baruch to respect him.

Justice Frankfurter has been an active citizen, serving many Presidents since Woodrow Wilson. He now sits on the United States Supreme Court. To accuse a justice of the highest court of our land of subversion, which is what "invisible control" means, is an attack upon the integrity of the court. This should be investigated and the charges sifted.

If it was bad form for Frankfurter to testify in the Hiss case, it was equally bad for Justice Stanley Reed. One is a Jew; the other a Christian. Neither is engaged, I am sure, in "invisible control."

But these organizations that are making charges of "invisible control" do conduct a constant propaganda, in many forms, over the entire country. These are sad and unhappy times when all sorts of unseemly things happen. There are spies and foreign agents and Communists and dupes all over the place. There are men and women who play on our miseries for whatever profit it may bring them.

(Continued on Page Seven)

CHAPTER TWENTY-SEVEN

Tonto walked from the store to Owen Bradley's office. He climbed the narrow stairs, found the lawyer's door open. The little attorney sat at the giant desk, frowning out the window. He wheeled around when Tonto entered.

"Oh, Riley. Come in." Tonto eased himself into a chair and Bradley stared out the window again. He steeped his fingers. "I'm sorry to hear about Ken Frick."

"So am I. He just wouldn't work out."

"I hired Frick myself," Owen said carefully. "I believed him to be a good man, one who would further the interests of the Slash S. I am at a loss to know why you discharged him."

Tonto leaned forward. His voice remained level. "Are you asking—or demanding, Owen?"

The lawyer stared at him, lowering his hands to the desk. Anger showed for a brief second and then was erased. Bradley shook his head.

"Asking, Riley. You have a free hand out there for two years. A man in a strange place sometimes needs advice, legal or otherwise. So—well, I'm asking about Frick."

"He tried to call my hand as soon as I came to the ranch," Tonto said. "We had that talk and I won. I kept him on when I should have sent him packing. But I thought he was a good man and would get over his grudge. He didn't. He started a fight while I was gone."

"Ken claims one of your punches disobeyed an order," Bradley put in.

"The puncher did. But the order was one Frick had no business giving. They boys would have started to quit the Slash S and drift away. It would be hard to get decent hands, men you could depend upon. Anyhow, Frick used his fists and won his argument. I took a hand and fired Frick. There it is."

Bradley rubbed his palm along the line of his jaw. "You might have acted hastily, Riley. It's not often a rancher fires his segundo when a puncher jumps the traces. Hard to control 'em."

"Look, Owen, I know what I'm doing!"

Bradley saw the glinting lights in Tonto's eyes. He swung around and spread his hands wide, smiling. "Don't take it so hard. Maybe I worry too much about you, wanting to see you make a go of the spread. Forget it. Getting ready for round-up?"

They talked awhile longer about the prospective profits of the ranch.

Copyright, 1950, by Lee E. Wells. Distributed by King Features Syndicate.

Tonto left and walked across the street to Mayne Garver's, who gave him a sorrowing and reproachful look as she took his order. There were a few townsmen at the tables and the counter. As Tonto started eating, Sid Harper came in and sat down beside him.

Tonto loafed over his coffee until the storekeeper had finished. They left together and, outside, Tonto asked casually about the roads out of town, turning conversation to Rick Staples.

In a few moments he had the exact information he wanted. He walked across the street with Harper and swung into Star's saddle. He neck-reined away from the hitchrack and saw Vic Ellers come out of his office. Ellers waved and Tonto waited while the sheriff puffed up.

"Learn anything?" he asked.

"Not yet. Aim to look around now where Rick was killed." Ellers leaned against the hitchrack. "That badge you got is for official investigations only. Nothing personal about it."

"Meaning Ken Frick?"

"Meaning him. He's talked and I've told him to shut up. But Frick ain't that kind."

Tonto leaned on the saddle. "Avrillo is an insulting town," he said flatly. "You make two of 'em since I rode in. Why did you give me the badge in the first place?"

Vic flushed and grinned. "Well, forget it. I must be getting old. Let me know if you find anything."

Tonto rode slowly down the main street, his jaw stubbornly set. Gradually anger diminished and he began to wonder why Bradley and Ellers had suggested he might be a yearling who would have to be closely watched. Ellers was understandable since he had given a deputy's badge on snap judgment and it would be embarrassing for one of the parties in a private fight to use it.

But Bradley needed some thought. Tonto could think of several reasons why the attorney had hinted, not too subtly, that he had done wrong in firing Frick and that he needed advice. The Slash S had been Bradley's responsibility until Tonto had signed the papers and had taken over. Now, for at least two years, Bradley could sit back and watch Tonto make or break himself. The attorney's tone had suggested he was on the verge of open antagonism. Why? Tonto turned it over and around but could find no answer.

Avrillo was behind him now. Not far out of town there was a Y, one fork of road heading off at a tangent to the main road.

cafeteria and drawled to the waitress, "I say, old girl, I'll have a spot of tea." The waitress, visibly impressed, exclaimed, "I'll bet you're English."

"Not at all," admitted Miss Adler. "Just affected."

Helen Keller learned all the letters, capital and small, in the raised alphabet in one day.

Dr. C. P. Huddle of Stoutsville was a business visitor in Columbus recently.

Walter Eldridge and son, Loring and W. E. Hilyard and son, Waldo are spending a few days at Buffalo and Niagara Falls going by way of Cleveland and the C & B line.

Bennett Cerf's

Try, Stop Me

In the parlor car of a train bound from Chicago to Indianapolis, a salesman found himself seated between two cranks. Every ten minutes the lady on his left would ring for the porter and complain, "Shut the windows in this car and turn up the heat. I'm freezing to death." Five minutes later the old party on his right would get the porter back to order, "Turn off that blasted heat and get some air in this car before I suffocate."

The puzzled porter finally turned to the salesman for advice. "Nothing to it," said the salesman grimly. "Open the window and freeze the lady. Then close it and suffocate the gent."

Stella Adler, member of one of the most distinguished families in the theatre, sashayed into a

You're Telling Me!

Senator Taft says of Korea, "For the first time, we have fought a useless and expensive war." What that boils down to is, all our other wars were without parallel.

Taft says negotiations at Kaesong "only postpone the ultimate danger." Or, it isn't the initial cost, it's the upkeep.

That's the trouble with a "police action" war. The other side is the only one that knows when it's over.

The Senate held up promotions of a hundred officers to general and admiral to check into whether we already have too many. Everybody knows we're short of steel, and evidently the senators don't think a surplus of brass would help any.

Somebody in Washington suggested a code of ethics to combat government corruption. It might help to follow a motto like, "As ye sow, so shall ye weep."

With so many people working for the government there are bound to be some itchy palms. And they are always looking for some extra scratch.

However, our government is doing a pretty honest job on the whole. In the hole, too.

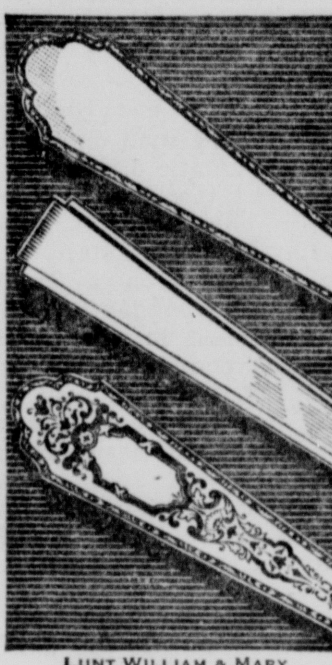

Thirty-eight species of birds are mentioned in the Bible.

Inside WASHINGTON

Dewey in Line for Secretary of State? Governor Good Bet, Some Insiders Think

Special to Central Press

WASHINGTON—Despite official denials, there is a strong segment of "inside" opinion in Washington that Gov. Thomas E. Dewey of New York will replace Dean Acheson as secretary of state before snow flies. The insiders say:

1—Although his faith in Acheson's ability and loyalty is undimmed, President Truman is eager to get off the hook as far as the controversial Cabinet member is concerned, especially since congressional opposition to the secretary remains hot.

2—With the bi-partisan foreign policy as enunciated as a human skeleton, some of the President's close advisers believe it would be a master stroke to bring the titular head of the Republican party into the Cabinet.

3—Governor Dewey and Mr. Truman see eye-to-eye on many aspects of United States foreign policy.

4—The New York governor has been counseled by some of his intimates that becoming secretary of state under Mr. Truman would not demolish and might even enhance his chances for the GOP presidential nomination—in 1956 or even '60.

5—Dewey's announced support of Gen. Dwight D. Eisenhower for the presidency is no barrier. Should "Ike" be elected, either as a Republican or a Democrat, Dewey probably would remain in the Cabinet post.

The governor's Far Eastern trip has "qualified" him as a first-hand "expert" on international affairs.

● **CONTROLS OUTLOOK**—Despite his continuing fight, it's doubtful if President Truman can get any major improvements in the economic controls law other than the possible elimination of the ban on beef slaughtering quotas. Such usual administration backers as Chairman Burnet R. Maybank (D), South Carolina, of the Senate banking committee, refuse to support the President in his fight for more control powers.

Capitol Hill observers say the controls bill, which Mr. Truman recently signed reluctantly and with a blast at Congress, is the best that the legislators are going to produce no matter how much the chief executive protests.

There is a chance, however, that Congress may restore the slaughtering quotas which the administration claims are necessary to prevent black markets. Legislation already has been introduced in both the House and Senate to restore them.

Outside of that, it looks like the President will have to wait until the new law expires next June to have any chance of getting more control authority.

● **HST LEARN ABOUT EUROPE**—President Truman confided recently to a group of White House visitors that he spent three days after daughter Margaret's European vacation trying to get a word in edgewise at home—then quit.

The chief executive said Margaret, who came to Washington immediately after landing in New York City aboard the USS Constitution, simply could not stop talking about her trip. She and the First Lady, according to the President, had the conversation cornered for about three days and then departed for Independence, Mo., to continue their chat without outside interference.

The President said Margaret was really thrilled by her overseas tour and was deeply touched by the kindness of her reception everywhere.

Mr. Truman told the group, representatives of a French provincial study group, that he hoped they would tell their daughters to look him up if they ever come to the United States and found themselves without friends.

The President told them he never can repay the French or the people in other countries Margaret visited for their kindness and consideration toward her although he hopes some time to get the chance to try.

National Organization Of Women Bank Executives Names Ashville Cashier

Mrs. White Given Honor

Mrs. Valerie C. White, assistant cashier of Ashville Banking Co., has been elected to membership in the Association of Bank Women. Mrs. White has been in banking service for nine years, all with the same bank.

The Association of Bank Women is a national organization of women executives in the 48 states, the District of Columbia and Hawaii. The positions these women hold rank from assistant cashiers to bank presidents and chairmen of boards of directors.

Purpose of the organization is to effect the mutual exchange of ideas and experience in order that practical benefits may be derived, and to forward the interests of its members, and the interests of all women in the banking profession.

In the field of banking, considered still a rather technical one, women have come to play an increasingly prominent role. Many of the women have progressed to their official positions through faithfully and satisfactorily performing many banking functions while educating themselves in the higher techniques of the banking profession.

By making banking facilities more effective as they are applied to the daily living and working programs of citizens in their communities, these women have become influential in the growth of their various communities. The individual stories of many of these women as to their preparation, experience and promotion are interesting chapters in the progressive acceptance of women in the executive field.

The banking profession is a major hub of this nation's and the world's diversified economic activities; and bankers both men and women, realize the need for increasingly better skills, keener individual public thinking, advancing techniques and unselfish devotion to the tasks that present themselves in contributing to economic progress.

All of this boils down to each woman in her bank contributing to this larger development by performing faithfully and intelligently her everyday services to the people who are served by her bank.

Petty-Hoover Vows Exchanged

Mr. and Mrs. Lloyd Petty of Jackson Township have announced the marriage of their daughter, Miss Louise, to Pvt. Austin E. Hoover, son of Mr. and Mrs. Austin H. Hoover of Circleville Route 2. The rites were read in Richmond, Ind., August 10.

The new Mrs. Hoover is a graduate of Jackson Township high school and is employed by

Shining Light class of First Evangelical United Brethren church will hold a "Bean Dinner" in the service center at 6:30 p. m. Thursday. At this time the losing team in an attendance campaign, headed by Mrs. Mabel Estep, will entertain the winning team which is headed by Mrs. Carlos Brown.

Mr. and Mrs. Hoston Conley of Elm avenue have returned home after a week's vacation at Camp Boulder on Lake Erie. Included in their vacation was a motor trip through Kentucky, Indiana and Southern Ohio.

Mrs. C. H. Niles of South Washington street and her sister, Pauline Hegle of Columbus have returned from a month's tour. They visited Lake Louise and many other points of interest in the North West.

Mr. and Mrs. Tom Bennett and daughter, Susie of East Mound street left Wednesday for Teays, W. Va., where they will be the guests of Mr. and Mrs. C. L. Hankins.

Mr. and Mrs. Orin Dreisbach of West Mound street were Sunday guests of Mrs. Roy Harden of Stoutsville.

Mr. and Mrs. Robert Garrett and daughter of Circleville were recent guests of Mr. and Mrs. Byron Martin and family and George Greeno of Stoutsville.

Mrs. Maggie Morris of Watt street and Miss Dorothy Drum of Columbus visited Sunday with Mr. and Mrs. William A. Stein of Stoutsville.

Mr. and Mrs. Joseph Arledge of Columbus and Mrs. John Grubb of East Union street returned Tuesday from a week's motor trip to New York City, Glenn Falls, Albany, N. Y., New Jersey and Pennsylvania.

Mrs. H. B. Conrad and son, Keith of near Circleville called recently on her father, Arch Drake and daughter, Martha of Stoutsville. Keith Conrad was a recent guest of his aunt and uncle, Mr. and Mrs. C. E. Stein in Stoutsville.

Miss Donna Ramey of Circleville was a guest last week of Miss Donna Steele of Laurelville.

Leist and Leist law firm in Circleville.

Pvt. Hoover was also graduated by Jackson high school and is stationed at Indiantown Gap, Pa.

The bride will reside with her parents.

Mona Lee Maddox, Charles Morrison Rites Are Read

An open church ceremony was performed Sunday in Ashville Methodist Church when Miss Mona Lee Maddox became the bride of Charles Walter Morrison before an altar decorated with large baskets of white gladioli, ferns and seven-branch candlesticks.

The Rev. Charles Sapp of South Bloomfield Methodist church officiated, assisted by the Rev. A. B. Albertson of Ashville Methodist church at 2:30 p. m.

The bride is the daughter of Mrs. Clara Maddox of Columbus and the bridegroom the son of Mr. and Mrs. Walter Morrison of Ashville.

A half hour program of bridal music, played by Mrs. Don Hatfield of South Bloomfield and vocal selections by Mrs. Richard Wilson of Ashville preceded the ceremony. The bridegroom's cousin, Miss Mary Lou Cloud of Ashville sang a vocal number while the bride and groom knelt at the altar at the close of the ceremony.

Given in marriage by her uncle, George Welsh of South Bloomfield, the bride was wearing a gown of white slipper satin fashioned with a basque bodice closed by tiny self-covered buttons and long fitted sleeves coming to points over her hands. She carried a white satin Bible with cascading white satin streamers centered by an orchid. Her only jewelry was a strand of pearls with matching earrings.

Matron of honor was Mrs. Donald Brekhemer of Columbus who wore an aqua gown of net over taffeta, fashioned with a cape and lace collar. She also wore matching mitts and carried a bouquet of yellow gladioli and scattered baby mums.

Bridesmaids were Miss Shirley Axe, Miss Betty Badger and Miss Catherine Williams of Ashville and Miss Doris Doser of Columbus. They wore identical strapless gowns with pin lace over taffeta fashioning the bodices and full skirts of net over taffeta. They carried bouquets of white gladioli and tuberoses and wore pink roses in their hair.

Rings were carried on a satin pillow by Frank Welsh of Ashville and flower girl, Patti Bartholomew was wearing a floor length frock of white net over white taffeta and carrying sweetheart roses.

Harold Bickel of Ashville was best man and guests were conducted to their seats by Richard Wilson and Darrell Robbins of Ashville.

Mother of the bride was wearing a blue crepe suit dress with white accessories and a corsage of yellow pom-poms. Mrs. Morrison was attired in dusty rose pink lace gown with brown accessories. Her flowers were pink sweetheart roses and hybrid delphiniums.

Following the ceremony a reception for over 100 relatives and friends was held in the church with bridesmaids as hostesses.

For the wedding trip to Augusta Ga., where the couple will visit the bridegroom's sister and brother-in-law, Pvt. and Mrs. William Sherman, the new Mrs. Morrison changed to a pale blue

Miss Stambaugh Is Graduated

Mrs. W. L. Stambaugh, Miss Lorraine Stambaugh and Mr. and Mrs. Cecil Webb of Circleville attended graduation exercises Sunday afternoon in St. Joseph's Cathedral in Columbus when Miss Lucille Stambaugh, along with 37 members of her class, was graduated by Mt. Carmel School of Nursing.

Following a vacation in Chicago Miss Stambaugh plans to resume duty in the hospital and dress with navy accessories. She was wearing her bridal orchid.

Both the bride and bridegroom were graduated by Ashville-Harrison high school. She is employed by the Farm Bureau in Columbus and he is an employee of Band C Oil Co. in Ashville.

On their return they will reside in a new home which they are building in Ashville.

WHY HIGHER RATES?

Your Telephone Company requires additional revenues to meet the continued increase in operating costs, and to maintain the financial integrity of the Company.

UTILITIES ARE NOT IMMUNE TO THE EFFECTS OF INFLATION; NEITHER ARE THEY EXEMPT FROM THE ECONOMIC LAWS THAT GOVERN ALL PRICES.

We have been hit by the same economic cross-currents which have made the \$5,000 home cost \$10,000 of today's 57-cent dollars. This same inflationary influence has made the 35-cent haircut cost \$1.00, the \$1,000 small car cost \$2,000, the \$35 suit of clothes cost \$65 to 85, and so on.

Our new proposed rates are aimed at catching up with costs. We must have higher rates to meet the present high operating costs and to close the ever-widening gap between expenses and revenues. Since 1948 the costs per telephone of furnishing service has increased about 36%, while our revenues for the same period have gone up only 27.5 percent.

OHIO CONSOLIDATED TELEPHONE COMPANY

(The Value of the Telephone Is Greater Than the Cost)

Mrs. Maggie Morris of Watt street and Miss Dorothy Drum of Columbus visited Sunday with Mr. and Mrs. William A. Stein of Stoutsville.

Mr. and Mrs. Joseph Arledge of Columbus and Mrs. John Grubb of East Union street returned Tuesday from a week's motor trip to New York City, Glenn Falls, Albany, N. Y., New Jersey and Pennsylvania.

Mrs. H. B. Conrad and son, Keith of near Circleville called recently on her father, Arch Drake and daughter, Martha of Stoutsville. Keith Conrad was a recent guest of his aunt and uncle, Mr. and Mrs. C. E. Stein in Stoutsville.

Miss Donna Ramey of Circleville was a guest last week of Miss Donna Steele of Laurelville.

Leist and Leist law firm in Circleville.

Pvt. Hoover was also graduated by Jackson high school and is stationed at Indiantown Gap, Pa.

The bride will reside with her parents.

Mona Lee Maddox, Charles Morrison Rites Are Read

An open church ceremony was performed Sunday in Ashville Methodist Church when Miss Mona Lee Maddox became the bride of Charles Walter Morrison before an altar decorated with large baskets of white gladioli, ferns and seven-branch candlesticks.

The Rev. Charles Sapp of South Bloomfield Methodist church officiated, assisted by the Rev. A. B. Albertson of Ashville Methodist church at 2:30 p. m.

The bride is the daughter of Mrs. Clara Maddox of Columbus and the bridegroom the son of Mr. and Mrs. Walter Morrison of Ashville.

A half hour program of bridal music, played by Mrs. Don Hatfield of South Bloomfield and vocal selections by Mrs. Richard Wilson of Ashville preceded the ceremony. The bridegroom's cousin, Miss Mary Lou Cloud of Ashville sang a vocal number while the bride and groom knelt at the altar at the close of the ceremony.

Given in marriage by her uncle, George Welsh of South Bloomfield, the bride was wearing a gown of white slipper satin fashioned with a basque bodice closed by tiny self-covered buttons and long fitted sleeves coming to points over her hands. She carried a white satin Bible with cascading white satin streamers centered by an orchid. Her only jewelry was a strand of pearls with matching earrings.

Matron of honor was Mrs. Donald Brekheimer of Columbus who wore an aqua gown of net over taffeta, fashioned with a cape and lace collar. She also wore matching mitts and carried a bouquet of yellow gladioli and scattered baby mums.

Bridesmaids were Miss Shirley Axe, Miss Betty Badger and Miss Catherine Williams of Ashville and Miss Doris Doser of Columbus. They wore identical strapless gowns with pin lace over taffeta fashioning the bodices and full skirts of net over taffeta. They carried bouquets of white gladioli and tuberoses and wore pink roses in their hair.

Rings were carried on a satin pillow by Frank Welsh of Ashville and flower girl, Patti Bartholomew was wearing a floor length frock of white net over white taffeta and carrying sweetheart roses.

Harold Bickel of Ashville was best man and guests were conducted to their seats by Richard Wilson and Darrell Robbins of Ashville.

Miss Stambaugh Is Graduated

Mrs. W. L. Stambaugh, Miss Lorraine Stambaugh and Mr. and Mrs. Cecil Webb of Circleville attended graduation exercises Sunday afternoon in St. Joseph's Cathedral in Columbus when Miss Lucille Stambaugh, along with 37 members of her class, was graduated by Mt. Carmel School of Nursing.

Following a vacation in Chicago Miss Stambaugh plans to resume duty in the hospital and

dress with navy accessories. She was wearing her bridal orchid.

Both the bride and bridegroom were graduated by Ashville-Harrison high school. She is employed by the Farm Bureau in Columbus and he is an employee of Band C Oil Co. in Ashville.

On their return they will reside in a new home which they are building in Ashville.

later specialize in the study of eye, ear, nose and throat. Others attending were Miss Joan Price and Miss Florence Conner of Washington C. H., who accompanied the Circleville group on their return.

Reber Avenue Neighbors Hold Lawn Party

Mr. and Mrs. Harry Betts of Reber avenue were hosts Friday evening to a neighborhood lawn party.

The evening was spent in playing croquet. Later refreshments were served by the hosts to the following guests:

Miss Jeanne Howell, Mr. and Mrs. Richard Robinson and sons, Dille.

Mr. and Mrs. Elliott Mason, Mr. and Mrs. Richard Plum and sons, Mr. and Mrs. Fred Roundhouse and Mr. and Mrs. Cyrus Dille.

AT LAST! a home permanent that's specially created to "take" on young, fine-textured hair!
Richard Hudnut CHILDREN'S HOME PERMANENT
So safe, so gentle, so easy to give... now every child can have curly hair. Kit includes a new, milder, gentler Special Creme Waving Lotion and Special Liquid Neutralizer plus the Special Children's Home Permanent Conditioner—to make baby-fine, limp, young hair "take" a wave better, easier, faster. Leaves hair soft, lustrous, manageable—like naturally curly hair. Use any plastic curlers... but we especially recommend the new Richard Hudnut Whirl-A-Wave curlers for ease, speed, and smoother waves. Like all famous Richard Hudnut Hair Preparations, the Children's Home Permanent has been laboratory and salon tested and proven safe, even for toddlers' hair.
\$1.75 plus tax
GALLAHER DRUG STORE

WHY HIGHER RATES?

Your Telephone Company requires additional revenues to meet the continued increase in operating costs, and to maintain the financial integrity of the Company.

UTILITIES ARE NOT IMMUNE TO THE EFFECTS OF INFLATION; NEITHER ARE THEY EXEMPT FROM THE ECONOMIC LAWS THAT GOVERN ALL PRICES.

We have been hit by the same economic cross-currents which have made the \$5,000 home cost \$10,000 of today's 57-cent dollars. This same inflationary influence has made the 35-cent haircut cost \$1.00, the \$1,000 small car cost \$2,000, the \$35 suit of clothes cost \$65 to 85, and so on.

Our new proposed rates are aimed at catching up with costs. We must have higher rates to meet the present high operating costs and to close the ever-widening gap between expenses and revenues. Since 1948 the costs per telephone of furnishing service has increased about 36%, while our revenues for the same period have gone up only 27.5 percent.

OHIO CONSOLIDATED TELEPHONE COMPANY

(The Value of the Telephone Is Greater Than the Cost)

It's fully automatic! **NEW Hotpoint Pushbutton Electric Range**
World's Easiest Way to Cook!

These pests work in secret and cost many millions of dollars annually to property owners for repairs alone.

Do you know whether or not these dreaded property destroyers are at work on your home?

Why not be SURE. Have your property inspected by an EXPERT without cost or obligation.

If your property is not infested they will tell you so. If termites are present you will be SHOWN and a price quoted for a treatment which is guaranteed.

We are local representatives of a reputable and FINANCIALLY RESPONSIBLE extermination company who are ACCREDITED MEMBERS of the Ohio State and National Pest Control Association.

Small College Signs Masterson

LOCKPORT, Ill., Aug. 15 — Veteran Coach Bernie Masterson, former Chicago Bears' star, has been appointed head football coach at Lewis college in Lockport.

Masterson, who quarterbacked the University of Nebraska to three Big Six titles during the '30s, succeeds Ray McClean, who resigned to become backfield coach for the Green Bay Packers.

Masterson has coached for the last 10 years at his alma mater, at Iowa pre-flight, St. Mary's pre-flight, Iowa and the New York Yankees.

Top Hat Team Earns Crack At Tourney Title

Circleville's Top Hat softballers moved into position to challenge for the district softball tournament championship ship in Portsmouth Tuesday night with an 8-3 victory over Greenfield.

Hatter batters will face the J. H. Butt Co. of Chillicothe at 8:30 p. m. Wednesday in Portsmouth in its first bid for the tourney title.

Butt Co., however, must be beaten twice before it loses the district title. The Chillicothe team swept through the winner's bracket of the match without a blemish, while Top Hat was dropped earlier into the loser's bracket with a loss to Chillicothe Texaco.

If victorious in Wednesday's first game with the Butt Co. aggregation, Hatter softballers will meet the same team at about 8:30 p. m. Thursday for the district championship and a crack at the state tourney.

In Tuesday's game against Greenfield, Pitcher Stillman Morrison stole the show.

MORRISON ALLOWED the Greenfielders only three hits in the match while fanning seven, but his biggest contribution was at the plate.

The Hat Hurler blasted out two doubles and a homer in three trips to plate during the encounter, collecting one-third of all of the hits registered by his crew in the match.

Don Olney Earns 3rd Place In Caddy Match
Don Olney of Circleville ranked just out of the money Tuesday during the final round of the annual district caddy tournament in Columbus.

Olney ranked third in a field of about 70 older caddies who competed for berths in the national caddy tourney due later this month in Columbus.

The Circleville golfer posted a one-over-par 69 Tuesday in his final round of the Wyandot tourney course, registering the second low score of the day.

Olney had shot a 76 in his first round Monday, earning third place with the combined total of 145 for the two-day medalist match.

Winning the contest was Herbie Weisenberger of Hilliard high school, who shot 72 on his first day of play and returned Tuesday to register a blistering two-under-par 67 for a winning total of 139.

SECOND TO Weisenberger and edging Olney out of the money by a single point was Jim Krecji of Linden McKinley, who tallied 73-71-144 for the tourney.

Circleville's other two golfers entered in the caddy contest also fared well in the final round.

Abner Leach shot 79-74-153 to tie for 13th place in the field of 70 contestants, while Walt Heine fired 83-83-166 to tie for 38th place in the test.

Only the first and second place shooters in the senior caddy contest are eligible to compete in the national test beginning Aug. 21. Olney was nosed out of a national tourney berth by a single stroke.

Pheasant Crop Is Good Here, Protector Says

From all early indications, Pickaway County nimrods can expect good shooting in local fields this fall.

Game Protector Clarence Francis, now completing his annual game survey of the county, reports an abundance of pheasants in local fields.

"I've been surveying three townships a day," Francis said, "and from what I've seen we'll have an awful nice pheasant crop here this year."

Included in the birds counted

are more than 600 pheasants released recently to fill out the fields for local hunters.

Francis, along with all other game protectors in the state, is completing the survey to give a report to the wildlife council. The council will use the figures to determine bag limit, length of season and shooting hours for the coming season.

WHILE PHEASANTS are reported in abundance, Francis added, the rabbit crop here is "only just fair."

For the squirrel hunter, this year's bushytail season promises to be a good one. Francis said the squirrel crop "seems pretty fair."

Squirrel season is to begin here Sept. 15 and extend through

11 Hambletonian Stars Entered In Illinois Test

SPRINGFIELD, Ill., Aug. 15—Eleven of the nation's top harness race horses, which competed recently in the Hambletonian, will renew their rivalry today in the Review Futurity at the Illinois State Fair.

A total field of 15 including Mainliner, winner of the Ham-

Sept. 30, while the other hunting seasons, including that for migratory fowl, will be determined later.

bletonian, will parade postward in the feature three-year-old trotting event on the Grand Circuit program. Four of the other five Hambletonian money winners also are included among the entries.

A new record went into Illinois harness racing books yesterday when Dudley Hanover, owned by Hayes Fair Acres of Du Quoin, raced home in 1:59.45 to take the first heat of the Directum I Pace.

Star's Pride, the sensational trotter in the stable of Harry Pownall, also claimed a share of the spotlight on yesterday's card by winning both heats of the Nancy Hanks Trot in times of 2:00.3-5 and 2:01.

BLONDIE
Drip drip... Dagwood are you awake? Uh-huh... I'm awake... Doesn't that dripping faucet bother you? No... The dripping doesn't bother me... What bothers me is waiting for you to tell me to get up and fix it.

Small College Signs Masterson

LOCKPORT, Ill., Aug. 15 — Veteran Coach Bernie Masterson, former Chicago Bears' star, has been appointed head football coach at Lewis college in Lockport.

Masterson, who quarterbacked the University of Nebraska to the three Big Six titles during the '30s, succeeds Ray McClean, who resigned to become backfield coach for the Green Bay Packers.

Masterson has coached for the last 10 years at his alma mater, at Iowa pre-flight, St. Mary's pre-flight, Iowa and the New York Yankees.

Top Hat Team Earns Crack At Tourney Title

Circleville's Top Hat softballers moved into position to challenge for the district softball tournament championship in Portsmouth Tuesday night with an 8-3 victory over Greenfield.

Hatter batters will face the J. H. Butt Co. of Chillicothe at 8:30 p. m. Wednesday in Portsmouth in its first bid for the tourney title.

Butt Co., however, must be beaten twice before it loses the district title. The Chillicothe team swept through the winner's bracket of the match without a blemish, while Top Hat was dropped earlier into the loser's bracket with a loss to Chillicothe Texaco.

If victorious in Wednesday's first game with the Butt Co. aggregation, Hatter softballers will meet the same team at about 8:30 p. m. Thursday for the district championship and a crack at the state tourney.

In Tuesday's game against Greenfield, Pitcher Stillman Morrison stole the show.

MORRISON ALLOWED the Greenfielders only three hits in the match while fanning seven, but his biggest contribution was at the plate.

The Hat Hurler blasted out two doubles and a homer in three trips to plate during the encounter, collecting one-third of all of the hits registered by his crew in the match.

2,000 Musicians Show Up For Bum-Brave Tilt

NEW YORK, Aug. 15 — A hardy band of more than 2,000 musicians and near-musicians transformed Ebbsfield into a symphonic snake pit Monday—and even the Dodgers had to take second money.

The occasion—and it was just that—was Music Appreciation Night, which it just didn't turn out to be.

An instrument, it was advertised by the management, would get a fan in free, through grade "M", most naturally. So they showed up, over 2,000 of 'em, with trumpets, clarinets, drums, cornets, tubas, violins and the like.

And to these music lovers, the game between their beloved Brooks and the Boston Braves almost became a secondary matter. The Dodger fan—always the individual—was one all the way in the music department.

The sounds coming from the Brooklyn arena may have been music. But it is doubtful if any two musicians could be accused of playing the same tune at any time in the evening.

The "old pro" Dodger "symphony," a group that habitually serenades from a section near first base, looked with scorn upon the invaders in leftfield. They too, played their usual vast repertoire.

But true to form, their tunes were unrecognizable, too.

The idea for the night grew out of a row the Dodger management had with Local 802 of the musicians union. It seems two members of the symphony carried union cards but received no money for "playing" in Ebbsfield. The rhubarb was settled when the two members were replaced by non-union tooters.

GE Softballers Collect 17-2 Win In Opener

General Electric softballers collected a lopsided 17-2 victory over Harpster and Yost Tuesday night in Ted Lewis Park.

Second game of the new city industrial league, the Tuesday match was highlighted by four home runs blasted out by GE players.

Third game of the new eight-team loop will be played at 8:15 p. m. Wednesday in the park, a match between Scioto Elks and Kingston.

Circleville Contender will meet Lawless at 8:15 p. m. Thursday in the park to complete the first-round games of the new loop.

Don Olney Earns 3rd Place In Caddy Match

Don Olney of Circleville ranked just out of the money Tuesday during the final round of the annual district caddy tournament in Columbus.

Olney ranked third in a field of about 70 older caddies who competed for berths in the national caddy tourney due later this month in Columbus.

The Circleville golfer posted a one-over-par 69 Tuesday in his final round of the Wyandot tourney course, registering the second low score of the day.

Olney had shot a 76 in his first round Monday, earning third place with the combined total of 145 for the two-day medalist match.

Winning the contest was Herbie Weisenberger of Hilliard high school, who shot 72 on his first day of play and returned Tuesday to register a blistering two-under-par 67 for a winning total of 139.

SECOND TO Weisenberger and edging Olney out of the money by a single point was Jim Kreeji of Linden McKinley, who tallied 73-71-144 for the tourney.

Circleville's other two golfers entered in the caddy contest also fared well in the final round.

Abner Leach-shot 79-74-153 to tie for 13th place in the field of 70 contestants, while Walt Heine fired 83-83-166 to tie for 38th place in the test.

Only the first and second place shooters in the senior caddy contest are eligible to compete in the national test beginning Aug. 21. Olney was nosed out as a national tourney berth by a single stroke.

Sokolsky's These Days

(Continued from Page Four)

There are due processes to discover the truth or falsity of the accusations, of the accused and of the accusers. It is unwise to keep any propaganda under cover. That in itself can become "invisible control," particularly if profitable organizations and publications are associated with it.

The aims and purposes of the National Blue Star Mothers of America are stated on the letterhead to be: "To retain our republic and our constitutional form of government. Outlaw political Zionism—Communism."

Precisely what the second part of those aims and purposes is, it is impossible to say. Zionism and Communism are no more related movements than the Blue Star Mothers are to Stalin. Political Zionism has established a state, Israel, in Palestine, recognized by the government of the United States. Communism is now an international conspiracy, based on the ideas of Marx and Lenin, designed to conquer the world. The antithesis is obvious.

Camera Fans To Get Break

COLUMBUS, Aug. 15—Columbus Mayor James A. Rhodes has announced that Ohio shutters can run rampant during the Aug. 20 Celebrity Golf Tournament and click away for as many shots of their favorite pro golfers as they want.

Pheasant Crop Is Good Here, Protector Says

From all early indications, Pickaway County nimrods can expect good shooting in local fields this fall.

Game Protector Clarence Francis, now completing his annual game survey of the county, reports an abundance of pheasants in local fields.

"I've been surveying three townships a day," Francis said, "and from what I've seen we'll have an awful nice pheasant crop here this year."

Included in the birds counted

are more than 600 pheasants released recently to fill out the fields for local hunters.

Francis, along with all other game protectors in the state, is completing the survey to give a report to the wildlife council. The council will use the figures to determine bag limit, length of season and shooting hours for the coming season.

WHILE PHEASANTS are reported in abundance, Francis added, the rabbit crop here is "only just fair."

For the squirrel hunter, this year's bushytail season promises to be a good one. Francis said the squirrel crop "seems pretty fair."

Squirrel season is to begin here Sept. 15 and extend through

This Time Of Year Brings Hordes Of Pesky Insects

Bug List, Battle Tools Are Outlined

Fly Free Date Set At Oct. 2

Hordes of insects now are due to bear down on Pickaway County farmlands to prey on crops, trees and livestock.

Ranging in scope from the corn borer to the termite, the insects are ready for their annual attack here.

A complete list of the more harmful insects which local farmers can expect to do battle with this month has been prepared by Larry Best, county extension agent.

Heading the list in importance is the Hessian fly, expected to return in numbers this fall.

In order to combat the wheat-killing fly, Pickaway County farmers have been asked to observe the "fly-free" date for planting their wheat this fall.

"FLY-FREE" DATE for Pickaway County has been set at Oct. 2 this year. After that date, the wheat crops are expected to be safe from the pest.

A complete list of harmful insects, along with suggestions by Agent Best of how to eliminate them, is as follows:

Born borer moths will be on the wing throughout the month. Eggs will be laid in the region of the ear shoots, principally on late corn. From 50 to 75 percent now present will emerge as second brood moths in Southern Ohio.

Heaviest borer population now is in early planted fields in southwest counties. These fields have 50 to 250 borers per hundred plants. Cool nights in August cut down egg-laying.

Legume spraying with DDT (1-2 pounds actual per acre) for seed blasting insects will pay where seed is being grown, but must be followed with bees and good harvesting methods. Spittlebugs, alfalfa plant bugs, tarnished plant bugs, leafhoppers,

grasshoppers and thrips are all enemies of seed growers. Spray or dust when in the bud stage early in August. Include toxaphene if grasshoppers are bad.

Barn spraying for flies is necessary in August, which is the "fly" month. There are some choices of materials. Lindane is best, but expensive. DDT and methoxychlor are still valuable if applied correctly.

A MIXTURE of lindane and methoxychlor is now sold commercially. None is perfect and good sanitation must go along with their use. Pyrethrum spray is out in front for applying to cattle at milking time.

Grain weevils may require fumigation in the wheat bin. Farmers should examine their grain several times and, if fumigation is required, it should be done in August or September before damage happens.

Grasshoppers may be serious locally this month. Fruit growers and commercial canners should use parathion at the rate of one pound (15 percent powder) per acre. General farmers should apply toxaphene at the rate of 1-2 pounds of actual toxaphene per acre as a spray or 2 pounds as a dust.

Peach tree borer control by spraying the tree trunks with DDT is the preferred method of handling this pest. The last of these sprays will be due about Aug. 15. Spray the trunk and crotch until run-off occurs. This kills the parent moths.

Horse flies make life miserable for cattle in mid-August. Rounding the cattle up and spraying them with a strong dilution of pyrethrum spray will protect them for two days.

Potato leafhoppers also attack beans and peppers. Growers should apply DDT regularly and alternate with rotenone for bean beetles on bush beans in home gardens. Commercial plantings of lima beans are sometimes attacked by leafhoppers, red spiders and aphids. These are all killed by applying parathion. Strict precautions must be followed to protect the operator.

HORNWORMS ATTACK tomatoes and tobacco during August. Hand-picking is practicable in small planting. Paris green is

effective, but burns foliage. Toxaphene and parathion are both effective and are recommended for commercial plantings where there is no danger from spray residue. There is some question about toxaphene affecting the flavor of cured tobacco. Airplane spraying with toxaphene is now under-way on tobacco in southern Ohio. Canning tomatoes can be sprayed or dusted with parathion using 1-2 pounds of 15 percent wettable powder, or 20 pounds of one percent dust per acre. Such treatment should not be made to tomatoes being harvested. This parathion treatment will also kill aphids and grasshoppers in tomatoes.

Sawfly larvae on evergreen plantings can be killed by dusting with lead arsenate or with DDT. The second brood is now present.

Bagworms require a heavy dosage of lead arsenate, about 3 or 4 tablespoonsful per gallon of water.

Termites are active and homeowners, who discover them, should familiarize themselves with their habits and control before proceeding. BHC is now recognized as an effective soil chemical for termites when applied in a trench along the foundation wall.

OLDER FOLKS OFTEN HAVE "TIRED" BLOOD

As you get older, when your color is bad and you feel tired, "all in," the chances are as high as 8 in 10 your blood is below par. Then it's time to try Geritol—the scientific blood tonic made especially for people over 35. Pale, weak blood leaves you "lumpy," tired and "blue." Red, healthy blood goes with dynamic energy—invisibly that "million dollar" feeling. Geritol's action is amazing—within 24 hours Geritol iron appears in your blood. Geritol also contains remarkable Vitamin B₁₂, the wonder of which was described by Reader's Digest. If your doctor says you need an iron-blood tonic—get Geritol at your drugstore today. See how much better you feel as your color improves and tiredness goes.

GERITOL

Hearst Estate Left In Trust For Family

LOS ANGELES, Aug. 15—Publisher William Randolph Hearst left his entire multi-million dollar estate in trust for the benefit of his widow, his five sons and charities.

Terms of the will and nine codicils were disclosed late yesterday when the document was filed for probate in Los Angeles superior court.

Mrs. Millicent W. Hearst of New York City, the widow, was left \$6 million worth of preferred stock in the Hearst Corporation, a holding company possessing a large part of Hearst's fortune.

Mrs. Hearst was left an additional \$1.5 million cash to enable her to pay taxes on the \$6 million bequest, which was ordered placed in trust with the income payable to her.

The five sons were left in trust preferred stock in the corporation yielding \$150,000 per year total, plus 100 shares of the common stock which is believed to

constitute the controlling interest.

The sons are William Randolph Jr., John Randolph, Randolph Apperson, David Whitmire and George R. Hearst.

Both the widow's share and that of the sons were ordered held in trust, with the principal ultimately going to heirs of the sons.

The entire residue of the fortune was ordered placed in trust for the benefit of "charitable, scientific, literary, education and public purposes."

Dargusch Gets Double Honor

COLUMBUS, Aug. 15 — Two government citations have been

awarded Brig. Gen. Carlton S. Dargusch, prominent Columbus attorney and World War II deputy director of the nation's Selective Service system.

Defense Mobilizer Charles E. Wilson announced Dargusch's

appointment as a member of a National Defense Mobilization Committee and the Army cited him for his cooperation with the armed services since his retirement as the number two man in the country's draft organization.

This Time Of Year Brings Hordes Of Pesky Insects

Bug List, Battle Tools Are Outlined

Fly Free Date Set At Oct. 2

Hordes of insects now are due to bear down on Pickaway County farmlands to prey on crops, trees and livestock.

Ranging in scope from the corn borer to the termite, the insects are ready for their annual attack here.

A complete list of the more harmful insects which local farmers can expect to do battle with this month has been prepared by Larry Best, county extension agent.

Heading the list in importance is the Hessian fly, expected to return in numbers this fall.

In order to combat the wheat-killing fly, Pickaway County farmers have been asked to observe the "fly-free" date for planting their wheat this fall.

"FLY-FREE" DATE for Pickaway County has been set at Oct. 2 this year. After that date, the wheat crops are expected to be safe from the pest.

A complete list of harmful insects, along with suggestions by Agent Best of how to eliminate them, is as follows:

Born borer moths will be on the wing throughout the month. Eggs will be laid in the region of the ear shoots, principally on late corn. From 50 to 75 percent now present will emerge as second brood moths in Southern Ohio.

Heaviest borer population now is in early planted fields in southwest counties. These fields have 50 to 250 borers per hundred plants. Cool nights in August cut down egg-laying.

Legume spraying with DDT (1-2 pounds actual per acre) for seed blasting insects will pay where seed is being grown, but must be followed with bees and good harvesting methods. Spittlebugs, alfalfa plant bugs, tarnished plant bugs, leafhoppers,

grasshoppers and thrips are all enemies of seed growers. Spray or dust when in the bud stage early in August. Include toxaphene if grasshoppers are bad.

Barn spraying for flies is necessary in August, which is the "fly" month. There are some choices of materials. Lindane is best, but expensive. DDT and methoxychlor are still valuable if applied correctly.

A MIXTURE of lindane and methoxychlor is now sold commercially. None is perfect and good sanitation must go along with their use. Pyrethrum spray is out in front for applying to cattle at milking time.

Grain weevils may require fumigation in the wheat bin. Farmers should examine their grain several times and, if fumigation is required, it should be done in August or September before damage happens.

Grasshoppers may be serious locally this month. Fruit growers and commercial canners should use parathion at the rate of one pound (15 percent powder) per acre. General farmers should apply toxaphene at the rate of 1-2 pounds of actual toxaphene per acre as a spray or 2 pounds as a dust.

Peach tree borer control by spraying the tree trunks with DDT is the preferred method of handling this pest. The last of these sprays will be due about Aug. 15. Spray the trunk and crotch until run-off occurs. This kills the parent moths.

Horse flies make life miserable for cattle in mid-August. Rounding the cattle up and spraying them with a strong dilution of pyrethrum spray will protect them for two days.

Potato leafhoppers also attack beans and peppers. Growers should apply DDT regularly and alternate with rotenone for bean beetles on bush beans in home gardens. Commercial plantings of lima beans are sometimes attacked by leafhoppers, red spiders and aphids. These are all killed by applying parathion. Strict precautions must be followed to protect the operator.

HORNWORMS ATTACK tomatoes and tobacco during August. Hand-picking is practicable in small planting. Paris green is

effective, but burns foliage. Toxaphene and parathion are both effective and are recommended for commercial plantings where there is no danger from spray residue. There is some question about toxaphene affecting the flavor of cured tobacco. Airplane spraying with toxaphene is now under-way on tobacco in southern Ohio. Canning tomatoes can be sprayed or dusted with parathion using 1-2 pounds of 15 percent wettable powder, or 20 pounds of one percent dust per acre. Such treatment should not be made to tomatoes being harvested. This parathion treatment will also kill aphids and grasshoppers in tomatoes.

Sawfly larvae on evergreen plantings can be killed by dusting with lead arsenate or with DDT. The second brood is now present.

Bagworms require a heavy dosage of lead arsenate, about 3 or 4 tablespoonsful per gallon of water.

Termites are active and homeowners, who discover them, should familiarize themselves with their habits and control before proceeding. BHC is now recognized as an effective soil chemical for termites when applied in a trench along the foundation wall.

OLDER FOLKS OFTEN HAVE "TIRED" BLOOD

As you get older, when your color is bad and you feel tired, "all in," the chances are as high as 8 in 10 your blood is below par. Then it's time to try Geritol—the scientific blood tonic made especially for people over 35. Pale, weak, blood leaves you "tired" and "blue." Red, healthy blood goes with dynamic energy—invisibly that "million dollar" feeling. Geritol's action is amazing—within 24 hours Geritol iron appears in your blood. Geritol also contains remarkable Vitamin B12, the wonder of which were described by Reader's Digest. If your doctor says you need an iron-blood tonic—get Geritol at your drugstore today. See how much better you feel as your color improves and tiredness goes.

GERITOL

Hearst Estate Left In Trust For Family

LOS ANGELES, Aug. 15—Publisher William Randolph Hearst left his entire multi-million dollar estate in trust for the benefit of his widow, his five sons and charities.

Terms of the will and nine codicils were disclosed late yesterday when the document was filed for probate in Los Angeles superior court.

Mrs. Millicent W. Hearst of New York City, the widow, was left \$6 million worth of preferred stock in the Hearst Corporation, a holding company possessing a large part of Hearst's fortune.

Mrs. Hearst was left an additional \$1.5 million cash to enable her to pay taxes on the \$6 million bequest, which was ordered placed in trust with the income payable to her.

The five sons were left in trust preferred stock in the corporation yielding \$150,000 per year total, plus 100 shares of the common stock which is believed to

constitute the controlling interest.

The sons are William Randolph Jr., John Randolph, Randolph Apperson, David Whitmire and George R. Hearst.

Both the widow's share and that of the sons were ordered held in trust, with the principal ultimately going to heirs of the sons.

The entire residue of the fortune was ordered placed in trust for the benefit of "charitable, scientific, literary, education and public purposes."

Dargusch Gets Double Honor

COLUMBUS, Aug. 15 — Two government citations have been

awarded Brig. Gen. Carlton S. Dargusch, prominent Columbus attorney and World War II deputy director of the nation's Selective Service system.

Defense Mobilizer Charles E. Wilson announced Dargusch's

appointment as a member of a National Defense Mobilization Committee and the Army cited him for his cooperation with the armed services since his retirement as the number two man in the country's draft organization.
